

I'm over it. Why should I have to suffer this?
How are you? How are you doing?
Good. Yes, Joseph, I can help you.
Yes, I'm on ship right now.
And I'm talking to Richard here.
And Richard says that he's leaving the house this afternoon.
Richard?
Yeah, Richard McLean is a participant.
Okay.
House number 6.
Yeah, and he will leave the house?
Yeah, he's saying he's frustrated.
He doesn't want to be here.
and he wants to leave the house he says he's feeling unsafe
why is that yeah because he he says that you know he had an incidence last night with
Casey and previously and repeating that one so he says that he doesn't want to be
here and he says that I was just informing him that I have his one-on-one
support this afternoon from 12 to 2 and I asked him whether he want to go for shopping but he
says
no I think he says that I should take him to the police and the police I can make a report then
the police can also cooperate and they can give me a ticket out of town I can get on the train drop
me off and I'll be able to hear yeah so he wants to go to the police so he can get a ticket for the
police and get out of the house
What's the name of the person you're talking to?
So like, yeah he says it is the same, I'm trying to tell him that he has a problem that
he doesn't want that, he doesn't want that.
And Cody and his sister are in the room.
Yeah, they're still in the room, they're both sleeping at the moment.
Can I just suggest something?
Can I get the name of the person because I'm on speakerphone?
Hello, it's Baron here, Richard.
Can you please book me a dog-friendly hotel where I can go,
where I can be by myself,
and do it under the line item emergency respite?
Because in actual fact, with Danny Met Sally,
I don't have a lease here.
I haven't signed anything.
There's no lease that's signed me here apart from the public guardian
who said your money's going to Danny Met Sally.
That's without my permission.
So I do have the right to leave.
I'm free. I'm not arrested.
I'm not a criminal.
I'm not mentally unwell.
I've been threatened here multiple times
and the police won't do anything.
Danny won't tell you to entrap me here.
And it's the entrapment policy for a whistleblower.
So can you please just book me.
I get a month's emergency respite accommodation every month.
Speak to management.
Call Sue Kittier as an emergency
and say we need to relocate
because there's a dangerous situation
where Barron is at threat by another participant.
And this is the police know about it and you know about it.
It's been reported.
There is not a possibility that I won't be removed today.
And if you don't remove me and put me in a safe accommodation
somewhere else with my dog,

I will just get this lovely man who's sincerely trying to help me
to take me to the police to make a report.
And then I'll get the police to give me a ticket
and I'll go to Sydney myself
and I'll just be homeless on the streets of Sydney
because I don't want to stay where I'm unsafe.
Can I actually respond to that?
Can I have that?
Yeah, I'll listen.
I want to hear the response.
What's that, his wife?
Because he doesn't want to be here.
If you can support him for that time,
if he wants to go somewhere, what do you want?
Is she an idiot?
Does he speak English?
Okay, can I talk to her?
Yeah.
Can I just talk to her?
I just asked her,
please put me in emergency respite accommodation
and put me in a safe place today, please.
I'm not safe in your accommodation.
Are you there?
I am.
I don't have any approval for that.
So I need to try to call the client services.
Yeah.
okay you just you just you just call them and then let me know what that means okay
all right thank you thank you who was that was it just the person who answers the phone on the
emergency emergency emergency yeah i tried to call her too but she didn't answer me yeah
i tried to call her just before but you see my book i'm anxious here he's gonna walk
can't he start harassing me?
I don't know.
I mean, we hope it won't result to...
It won't get to...
It's very easy.
Someone should just say,
Barron's not safe.
Put him in emergency response accommodation.
There's \$350,000 to do such a thing.
And there's no approval.
That's because the approval's
blocked systemically all the way up.
It's blocked all the way up.
I'm unable to leave.
but I'm going to leave anyway
and then if they don't approve it
they'll have caused me to be homeless
because I don't want to stay here when I'm at risk
I want to leave because they're going to try and stitch me up
as violent when I end up
kicking fuck out of him
and they're going to stitch me up as the bad person
I'm not the bad person, it's the corruption
and so I'm going to leave, I'd rather be beaten up
or killed somewhere else
than be vindicated here
no i've never wanted to be here i've told the staff and you from the very start this is a stepping
stone for me to get to my place where i can be by myself yeah i don't like it i hate it and it's not

just not liking it it's dangerous for me it's dangerous because of the corruption because of the entrapment. It's not just a matter of approval of putting me somewhere. It's billions of dollars of fraud. It's cost billions of dollars to do this to me. It's a Commonwealth Bank case with a billion dollars fraud. I have 123 businesses linked to my name. That's character assassination. I'm being erased. I've been erased from society and no one's listening to me. I tell the truth and I've got all the evidence for it. No one will listen to me. I invested all my time the other day. I was friendly to you and explained all the situation to you the other day about the whistleblowing and my spiritual work and all that kind of stuff. And you looked at it and you understood it. Then you walked off and just came back and carried on. Let's be honest. We are here helping each other, right? I will not. Yeah, yeah. Well, I want a solution today. I've provided the solution. And there'll be a worse solution for when Danny met Sally when I leave today and they will have to justify why I've left.

You're now my witness.

You did try and help me.

You've done the right thing.

You're stuck in the bureaucracy because of me.

You can't do anything.

Yeah, because I'm a support worker.

My interest is to ensure that my client is happy, my client is okay.

It's attended too.

That's what I'm just trying to do.

I know within your remit.

I'm telling you clearly as my support.

There's no lease here. I don't belong here. I want to go somewhere else there's an investigation to us

Have a look.

Oh.

You know those YouTube videos?

They've been talking about this case.

Yeah.

Let me see if this was on.

Stressed.

I lived in fight or flight mode

and it is, that's what it is

fight or flight mode

I don't want to stay here to fight

so I'm leaving, flight, fight or flight

that's what this

entrapment is for me, fight or flight

I have to stay here and fight, the bureaucracy

physical people, or I have to flee

and I'm choosing to flee

because I'm in fight or flight

does that make sense?

Yes.

It's awful.

My poor dog's picking up on the energy, you know.

That's how you locked her?

No, I just wanted her to lock in so she's safe.

I'm just going to go back in my room in a minute.

Who is this?

What's her name?

What's her name?

Daniel.

I've spoken to her about this.

She knows.

She already knows.

And the worker last night, he witnessed the whole thing.

That's what I was calling you.

I met can you put on speaker something here yes I just thought as a key work I

should update you on what's happening and I don't know I wasn't sure I'm preaching you just a problem should I you know please to talk What's going on?

No, it's just Richard who seems to have made his mind to leave the house. Because he had an incident last night with Casey.

Yeah.

And apparently he has a community access this afternoon from 12 to 2.

I'm supposed to be taking maybe out for shopping or somewhere.

But then he said instead of taking him to shopping, I should take him to the police.

Yeah, because he wants a ticket to see me.

The police said he will give me a ticket to see me because he wants to go to Sydney and live by himself.

He doesn't want to be here. We are here with him, so...

I had an ambulance here last night too. I thought I was having a heart attack.

He was having a heart attack the day. And it's all documented.

Yeah, yeah. I see that hand over this morning. I got the ambulance coming and they checked on him.

checked on film but he opted to stay at home. I've got no money so I'm financially abused.

So like I'm calling you just to let you know that he's

according to the way he's expressing it he's

seemed to be determined to leave his apartment. So I've informed on call and I think they are integrating plant services. I also got out from you and maybe you can send me a number of the next

a person whom I can call, just let them know what Richard is up to.

Yeah, okay. Do you know who's on next or not?

No, you mean like the, yeah, I know John is coming after me.

Okay, yeah.

Yeah, so, now like the number of, you know, management, the next person management, because I know most people are off of this mask. Who is this person they're supposed to get in touch with?

I think EM is just on call.

Yeah, just, I did call on call.

It's a system of entrapment. I'm entrapped here.

I don't get this because everyone's off.

Yeah, everyone is off. I did tell on call about it, and they're getting in touch with plant services and they're going to let me know.

But I'm not sure what that is, I'll just let you know, it's just a good part of your work of police.

Dan.

No worries. Thank you, Dan.

Dan, Dan, Dan.

Dan, it's Barron.

I've told you about the situation.

I'm in fight or flight mode.

Fight or flight.

That's been my position for years.

And I've been physically threatened here numerous times, which staff can attest to, and police won't do anything about.

They did say they'd give me a free ticket out of town,

which is corruption by the police,

but I'm going to take them up on it.

So, you know, if something happens to me,

I can stay here and fight the bureaucracy,

the entrapment, the financial abuse,

or I can flee, fly, which is what I've chosen to do.

And so when I leave today after getting my police ticket,

I'm going to just...

If something happens to me,

Danny Metzali will be in a very terrible position

because, you know, they've helped create this situation.

I've asked very simply,
can we get approval for an advanced payment for respite care to put me and
Crystal in somewhere safe for a couple of weeks until we work it out it's a very
easy solution I don't know why we can't do that
well until then I'm in fight or flight mode I'm not fighting I won't fight anyone
here but I'm being forced to I'm gonna smack him soon now I don't want to have
to do that and be proven as the bad guy because that's what they're trying to do so fight or
flight i only have one option i'm not fighting i am fleeing that's why i'm leaving today so when i
catch the train out of here i'm going to be sitting on the streets of sydney with nothing
and danny met sandy will be totally implicated in the entire corrupt structure so i recommend that
you get something sorted because at the end of the two hour shift you know i'm getting
dropped off to the train station.
Alright, I don't know now. Are you there?
Yeah. Can you just let Baron up
when I come in tomorrow,
all other stuff is...
Right, and I'll just...
I'll resolve this fucking shit.
Mm-hmm. And...
Can you tell him
I won't be here tomorrow.
I'm leaving.
...and if Baron can go about his business,
I'll, uh, just...
I'll...
When I come in tomorrow, I'll tell Casey
to fucking stay in his room
and stay away from there.
I won't be here tomorrow, mate.
I'm leaving.
Goodbye.
Goodbye.
Thanks for trying to help me.
I refuse to be entrapped by your company.
I'm trapped by your company
and I'm choosing not to be trapped.
I'm leaving today.
Tomorrow does not happen, mate.
It's the same corrupt story every day.
So I'm leaving.
I'm leaving.
I'm leaving.
I'm leaving.
I'm leaving.
I'm leaving.
Yeah, you're leaving.
I'm sorry, I understand your position because you're trying to do the right thing by me, you know,
you are, and look, I understand you are, you're doing your job, you want everything to go well, I
understand, thank you, I'm a nice person, you know, I don't deserve this treatment.
Look, even Dan, who was just on the phone, he's trying to do the right thing.
His hands are tied.
Your hands are tied.
Everyone's hands are tied.
But my hands are tied.
Why?
Because I've got no money.
Look, if I had money on my card, get out of here.
Look, look at my bank balance.
Here we go.
Zero.

I've got nothing.
I'm trapped here.
I'm trapped.
I'm literally trapped.
And they've taken my card.
That's the government taking my card.
this is more than just a shift work or safety or something like that
it's corruption worth billions of dollars
it goes right to the top
I've got a letter from the Prime Minister here
I sent it to Danny Metzali
I've sent it to them
those YouTube videos, they're about me
look
look
Danny Metzali, NDS provider
implicated in a federal investigation of fraud, embezzlement
and the victimisation of a participant
who does not even have release when he's entrapped.
Danny Metzali accept money in a tiered bureaucracy
that's still what he's meant for in his criminal activity.
And I've sent them,
the way you cleaned houses is smoking hot?
This is about me.
Look at the text from the police and Bill Shorten.
The police want to know if you're mentally ready
to challenge Bill Shorten in a court of law
as his lawyers might use your history of mental health
as an excuse to discredit your story.
They want me to hit him.
And he's going to come out here today
and he's going to antagonise me.
And if I lose my shit and hit him,
the police will come and they'll arrest me
and they'll put me away.
That's what's happening.
I'm not fighting.
I refuse to fight.
I'm a peaceful person.
I will not fight.
So, and I don't want to fight just physically
or the bureaucracy or management
or anything like that.
I've provided the solution for me to be safe
and Danny Metzelli has refused that.
He's flat out refused.
I'll come in tomorrow and have a talk to him.
No.
I leave today
you know what I mean
like
everyone deserves to feel safe
you know
and I'll be
I just
I'm just over it
you know
I'm sick of fighting this invisible enemy
where no one can do anything
I'm over it

I'm just over it
I'd prefer to dive there in the streets
than be criminalised in here
when I smack him in the head
I don't want to do that
but I got close yesterday
so
look I'm just gonna go and lock myself in my room and then
this is how corruption works everything's corrupt well if I leave and because well violence is going
to happen here anyway so violence of neglect or the violence of physical violence so I'm tuning
to leave because I don't want that I'll have to live on the street with my dog but that's gonna
look really bad for the company when Danny met Sally.
We had a participant who was feeling unsafe, but rather than protect him, we forced him
to flee.
It doesn't look good either, does it?
So it's trapped now.
We're at a crossroads.
We're trapped in a...
This company helps me just get somewhere safe.
Can I ask a question?
Yeah.
Would you not give us one last chance as a company?
you know, like, give us a little bit of money for it to come,
because they are mostly on the Christmas break,
and they're coming in a nice zone,
and we sort these out, and probably you'll get a safe accommodation.
That doesn't cost, and then you just go somewhere.
Well, I'll have to anyway, because even if I leave and I'm homeless,
they're still accountable for me.
If I leave, they can't just drop me.
They're still going to find a place.
I'm just not staying here.
I don't want to fight here.
I'm going to leave.
You know?
And I keep giving people chances.
I've given people 100 chances.
I give people chances every day. For the past
three years living in political exile
as a refugee, I've given everyone a chance to
help me. Not a single person will.
Where's the ethics, you know?
Ethics. I've got a PhD. I know what ethics
means. It means do no harm.
Harm happens to me every
day because of the financial abuse
and the corruption.
So,
I mean, if I stayed,
I mean, you're trying to convince me to stay
because I know
you've done the right thing, but you're still part of it trying to convince me to
stay in a position where I have to fight or flight. I've already demanded to be
moved somewhere else. They won't. We'll do it later. Down the track. Later. Delay,
deny, defer. Just keeps on going. It's an endless spirit of creative group. If I leave today and go
and live on the street, they're forced to do something. No, no, I have to do that. It's the
anything I can do? Since I've called the on call and they're talking to client services,
let's wait the outcome of that. Well why don't we just wait till the end of your shift today,
to 12 to 2 or whatever, and we'll just wait and we'll just see what happens.
You see what happens because they're talking so let's just wait for the response.

All right. What's the time now? It's only early, isn't it?

Yeah, it's only 30. I'm 10.

Yeah.

It's 10.

Thanks for helping. All right.

Well, I'm just going to go inside.

These YouTube videos are all about me, you know?

They're all about me, and there's going to be a big investigation and stuff happening.

But I don't want to stay where I'm physically threatened.

It's literally a psychological response, fight or flight.

That's what I'm doing. I'm fighting this beast, you know?

I don't want to do it by myself.

You're trying to help me putting in the touch of the right things,
but nothing ever gets over the line, you know?

I'm over it.

Anyway.

Do you understand my situation?

I'm sorry, your frustration says that I'm thinking

what is connected to helping me and, like, what is...

Yeah, yeah.

Well, thanks for calling.

But you called Dan. Dan already knows this.

Yeah, but I've called him again to let him know.

I've called him and called...

Well, you see the problem.

it's an entrapment policy and it goes higher and higher until and i'm trying to ask for somebody else who i can call you know i can just keep calling until we get you know that's what you yeah yeah call until you get help well we've got two hours put together this afternoon to be able to try and find out something happening that's all maybe positive that's something i could positive positive I'm always positive positive every day man it has kept me going it's my fight he's not much I can do the powers out of my hands now it's out of your hands you know but maybe we can at least coordinate if something happened to me now there would be clear advanced evidence that this was gonna happen you know i mean the police know about it you know about it it doesn't make so good now they just know about it everyone knows about it i just wish i had someone to believe me i don't believe you yeah i don't believe you i don't believe you it's just like you're saying you have to work look at this 350 000 a like it horror has for a whole year for me our house for a whole year.

Instead, they trap me somewhere

and pay support workers like you,

and that's where the money goes.

I want my 350 grand and my 8 million and 60 million, you know?

This is it.

I'm making a stand.

I've always made this stand.

It's just the same stand all the time.

Have a look at my plan.

Do you want to come in a sale?

It's \$350,000 there.

Look, I've done press release, formal criminal

affidavit, entrapment for erasure. Look, this is exactly it. Entrapment for erasure. I've done the essay it's an affidavit it's everything it's all written everyone knows to everyone knows who I am how did you know my name was Richard McLean or Baron resonance yeah yeah yeah well yeah I should

everyone everyone knows the significance of my political case they're not letting on yeah do you the significance of my case in this country you know you've been telling me about it yeah yeah yeah it's a good thing

so

i might just go and rescue crystal on this going

rest in there and just just wait till later

when the call comes through and let you know yeah well if the call doesn't come through today I'm just going to take the police station, give me a ticket, I'm going to go to the city. I'll just have to go to a homeless shelter or something. It's going to look bad for India, bad for when everyone's telling you it's material. You don't want that to happen, that's why we try to do... Yeah, we'll try to get... Let's do what you can, while you're here. Yeah, well it just takes a simple approval to approve my respite care. It's respite here. That's what it is. My glasses are broken too. I haven't got a pair of glasses. Oh, I slipped on the last one. That's right. I'll just hide in here. Thanks, mate. Right there.
