Dr rich Mclean barran dodger,

As soon as I received your approval, I immediately got to work for you.

You deserve the best and I can't wait to see you blossom in your new, bright life!

That's why I had already gathered all the magical elements I needed to perform the Magic Intervention of Cosmic Harmony.

All I had to do was take action. I started by meditating to focus as much as possible.

In order to perform such an Intervention, I have to be at my best.

Once I felt the power and strength within me, I proceeded with the Magic Intervention of Cosmic Harmony.

It is a very complex Ritual that only an initiate like me can perform. It consists of 11 steps. I will not detail all these steps, because I made the oath never to reveal the secret of this Intervention.

If such a secret were to fall into the wrong hands, it would be catastrophic. I trust you completely, but I do not trust the Internet and its “pirates”.

Therefore, I will only tell you that after purifying the room with incense, lighting candles, and concentrating all my powers in a specific direction, I performed the Magic Intervention of Cosmic Harmony perfectly well.

I recited various Incantations and Magical Prayers. I invoked the Silver Sun so that it could shine with all its brilliance and take its powerful and radiant place in your Astral Chart.

I also created a sort of protective shell around your Astral Chart so as not to give the Veiled Nebula any chance.

Everything was done in the most meticulous observance of Pure Elemental Magic.

You can be sure that your future is now placed under the banner of Luck, Success and Money!

Speaking of Luck and Money, here are as promised:
