Your NDIS plan has been approved

Participant NDIS number: 430938559

Dear Richard,

I am pleased to let you know I have approved your NDIS plan. A copy is attached.

The plan started on 13/12/2023 and will be reassessed by 13/12/2024.

You can find out more about how long plans usually go for on our website ([ndis.gov.au](https://www.ndis.gov.au)). Search for **Our Guidelines** and select **Creating your plan** to read more. You can ask us to change your plan at any time if it is no longer meeting your needs.

If you have asked for a copy of your plan in a different format, this is on its way to you separately.

How we developed your plan

I developed your new plan using information about your disability related support needs.

I developed the plan to make sure you are receiving the right supports to help you pursue your goals.

I also considered whether the supports you asked for meet the NDIS funding criteria. You can find out more information about the funding criteria and how we decide what supports to include in your plan on our website ([ndis.gov.au](https://www.ndis.gov.au)). Search for **Our Guidelines** and select the link to **Reasonable and necessary supports** to read more.

Your funded supports

I have included the following supports in your plan:

- Behaviour Support
- Improved Daily Living Skills
- Relationships
- Support Coordination and Psychosocial Recovery Coaches
- Assistance with Daily Life
- Assistance with Social, Economic and Community Participation
- Consumables
- Transport

I used the following information to make my decision:

When I approved your plan I decided all the supports included in your plan meet the NDIS funding criteria.

Plan management

Your plan lists the plan management type for each support category.

What you need to do

Please read through this plan and note the name of the **My NDIS contact**. We encourage you to think about how you would like to use your funded supports.

You can start using the plan straight away. Visit our website (ndis.gov.au) for information for help to start using your plan. Search for **Our Guidelines** and select the link to **Your plan** to read more.

If you disagree with a decision about this plan, you can request an internal review of a decision within three months of receiving this letter. You can still use this plan while we are reviewing our decision. Details on how to request a review are at the end of this letter.

What we will do

If you have decided to have a plan implementation meeting, your My NDIS contact will arrange it within the next 28 days. The My NDIS contact will work with you to implement your plan and help you spend your NDIS funding to best meet your disability support needs.

In the meantime, if you would like to discuss your plan, you can ask for your **My NDIS Contact** when contacting us in any of the ways listed under the **We're here to help** section of this letter.

Yours sincerely,

Amanda M

My living arrangements, relationships and supports

I am 50 years old and currently have no stable accommodation since living in a house share in Mitcham with my housemate and dog, Crystal. I have previously worked as a mental health advocate and wrote an autobiography about my journey with Schizophrenia. I have recently had a deterioration in my mental health which led to an admission to Mercy Hospital. I have since been discharged on a community treatment order and am supported by my community mental health team. I do not receive much family support.

My daily life

I spend my days with my dog, Crystal. I have a friend who visits me on occasion.

Your goals

My goals help everyone supporting me to know what I want to work towards and the things that are important to me. My goals can be big or small. They can be short term or long term. How far I pursue my goals is up to me. I can change or update my goals at any time.

I would like to be supported to find and maintain suitable long term accommodation.

How will I work towards this goal?

I will work with my Support Coordinator to engage mainstream supports and services in order to identify long term housing.

I would like to be supported to find suitable employment in an area of interest.

How will I work towards this goal?

I will work with my support team to identify areas of interest. I will work with my allied health team and my behaviour support practitioner to learn skills so that I am able to develop my employment skills for the future. I will engage with Mainstream support such as a DES provider to assist with finding employment.

I would like to be supported to access the community and build meaningful relationships.

Funded supports information

Managing my NDIS funding

There are 3 different ways NDIS plan funding can be managed:

- **Self-managed:** I claim funding from my NDIS plan to pay providers myself or my plan nominee or child representative may do this on my behalf. Providers invoice me directly for supports I have agreed they will provide.
- **Registered plan manager:** My registered plan manager will make claims and pays providers on my behalf for supports I have agreed they will provide.
- **Agency-managed:** Providers claim payment directly from my NDIS plan. Where supports are Agency-managed, I can only use an NDIS registered provider.

The following pages explain which of these funding methods will be used for my plan.

How funding is made available

Receiving my funding

My NDIS plan funding will be made available:

- **In my 12 month budget:** Funding is made available in my plan every 12 months. I'll get a 12 month budget and keep getting funding in my 12 month budget until something changes. Then the NDIS may need to change my plan.
- **once-off:** Funding is given to me once.

Whether I will receive funding in my 12 month budget or once is listed in the budgets included in the following pages.

Using my plan to buy supports

Stated supports

Where a support is listed as 'stated' in my plan, I must buy this support as described in my plan. I cannot swap 'stated' supports for any other supports.

Support claim types

Standard claimable supports

My supports are classified as standard claimable supports, unless they are listed as being in-kind, periodic, or direct commissioning.

In-Kind supports

Where a support is listed as 'in-kind' in my plan, I must continue with my existing provider as they have been pre-paid to deliver this service. However, if I have a concern about using my in-kind provider, I can raise my concerns with My NDIS Contact.

Recurring supports

Where a support is listed as 'recurring' in my plan, it will be paid regularly to my nominated bank account.

Direct Commissioning supports

Where a support is listed as 'direct commissioning' in my plan, it means a provider has been contracted to deliver this support. This might be to me, or me and a group of participants.

My NDIS budget

My total funded supports \$127,056.24

For 13/12/2023 - 13/12/2024

What my plan includes

My NDIS plan includes the following types of budgets:

- Core Supports
- Capacity Building supports
- Capital Supports

Core Supports

Core supports help with my everyday activities, my current disability related needs and to work towards my goals. My Core Supports budget is mostly **flexible**, which means I can use funding from one category to pay for another.

Where support category funding is **not flexible**, it is shown as a 'stated' support. This means I have to use the funding for only the support specified.

My Core Supports funding will be made available in my 12 month budget.

My Core Supports Funding

Core Supports	Frequency Amount	Total Amount
Assistance with Daily Life Supports to assist or supervise you with your personal tasks during day-to-day life that enable you to live as independently as possible. These supports can be provided individually in a range	\$45029.76 made available in my 12 month budget	\$45029.76

Total Core Supports		\$67246.68

Capacity Building Supports

Capacity Building supports are intended to build my independence and reduce my need for the same level of support into the future. My progress and outcomes from these supports will be shared at each plan reassessment.

Unlike my Core Supports budget, my Capacity Building Supports budget is **not flexible**. I can only use this funding to buy approved individual supports that fall within that Capacity Building category.

My Capacity Building funding can be spent in the following ways:
