FUNDING THE MISSION

Grants & Advocacy

The archive does not sell itself — it is funded by the institutions that care about heritage and open access. This page follows every funding opportunity on two tracks, with its deadline, status and next move, open to public view.

THE HERITAGE TRACK

Grants that fund the care of the collection itself — preservation, description, digitisation and the public finding aid. These pay for the record to survive and stay searchable.

THE ADVOCACY TRACK

Grants that fund the argument — open access, privacy-in-archive work, and the right of the public to read its own documented history without paying for the privilege.
