Ref No. 7103064345

Dear Dr Richard Mclean

Your Victorian Housing Register application has been approved and placed on the Register of Interest for housing in the following area(s):

- **1 Bedroom, Altona District**
- **1 Bedroom, Flemington District**
- **1 Bedroom, Inner Metro North**
- **1 Bedroom, Knox District**

The areas you can choose to be housed include suburbs or towns that are close together. You can be offered housing in any of these suburbs or towns unless you have been approved for a more specific locations within an area.

From time to time, the Department of Families, Fairness and Housing will contact you to check you are still eligible for social housing.

In the meantime always let the department know of changes to your circumstances especially; if you move house, the number of people living with you changes, your household income increases or decreases, or you want to change the areas where you want to live. This will help us find you a suitable home.

Please let us know if your contact address changes in case we need additional information from you. Your application will be removed from the Victorian Housing Register if you are unable to be contacted.

Depending on the type of housing you want to be considered for, you may be contacted by either the department or a community housing provider if a suitable property becomes available.
