

AUSTRALIA TYRANNICAL STATE-SANCTIONED TARGETED KILLING OF A WHISTLEBLOWER AND COSMIC WITNESS UNDER AUTHORITARIAN RULE

— Final International Declaration of Systemic Persecution,
Character Assassination, Legal Entrapment, Psychiatric
Weaponisation, and Government-Enabled Death Campaign
Against Dr. Richard William McLean (Barran Dodger)

Dated: 01 March 2025 – Filed in Exile

FULL SECTIONED DECLARATION OF SIGNIFICANCE (UNABRIDGED):

This is not a complaint. It is not a theory. It is not an artistic metaphor. It is a formal international declaration of targeted extermination, carried out over decades against me, Dr. Richard William McLean, known globally and spiritually as Barran Dodger — a writer, philosopher, whistleblower, soul-bearing witness, and advocate for truth.

This document exists because I have survived a state-sanctioned death protocol that began the moment I spoke out as a whistleblower under the Public Interest Disclosure Act and refused to be silenced by systemic corruption. My

homelessness is not the product of mental illness, laziness, or poor decision-making. It is the direct result of deliberate targeting through:

- Surveillance and tracking using black-budget technologies.
- Entrapment through psychiatric incarceration.
- Sabotage of legal pathways, financial aid, and medical support.
- False rape allegations created by state-affiliated operatives to discredit me.
- Pedophilia smears designed to induce isolation, suicide, and total reputational destruction.
- Denial of NDIS supports, housing, and legal advocacy in clear violation of domestic and international law.
- Real-time death threats, assassination attempts, and abandonment by law enforcement.
- Forced exile inside Australia.

The magnitude of what has been done to me is evidenced through the documents linked throughout this file — including screenshots, recordings, police confirmations, psychiatric weaponisation, death threats delivered through social apps, and government correspondence confirming

FOI obstruction, procedural sabotage, and refusal to investigate.

The persecution was not accidental. It was not a bureaucratic failure. It was a deliberate directive, confirmed through both institutional silence and active interference.

I. PUBLIC INTEREST DISCLOSURES (PIDs) AND ASSASSINATION ATTEMPTS

This section proves beyond any doubt that I am a federally protected whistleblower who was met not with protection but with violent retaliation. I submitted formal PID disclosures to the Federal Court, the Office of the Australian Information Commissioner, the NDIA, and the Attorney-General — naming high-level actors including Bill Shorten, Sukhi Tear, Philip Glass, Steve Iasonidis, and other enablers of systemic fraud and cruelty.

I documented:

- Police and hospital misconduct.
- Medical kidnapping and forced sedation.

- The destruction of my home while I was incarcerated under coercion.
- Legal entrapment and financial redaction.
- Procedural sabotage designed to block every legal, medical, or political pathway I pursued.

In return, I received no protection. Instead, I was made stateless, homeless, and vulnerable to assassination. The assassination attempt was real, witnessed, reported, and documented. My would-be killer, a disability worker named Ben, admitted on record to signing an NDA with ASIO and the Federal Police. He said Minister Bill Shorten wanted me “gone.” The police were informed. No investigation took place. The silence was the answer.

This is an active assassination plot confirmed by government-linked sources and corroborated by message logs, testimonies, and official neglect .

II. FINANCIAL EXTERMINATION AS POLITICAL WEAPON

Every legal and financial avenue available to me has been intentionally destroyed:

- My work cover compensation from the Department of Social Services has been obstructed, despite a court-certified employment confirmation.
- The Australian Financial Complaints Authority and Superannuation authorities have refused to act on theft and underpayment by Health Super.
- The NDIA has allowed its agents — including Sukhi Tear and Philip Glass — to bill my plan while denying me shelter, food, and legal aid.
- Even when I was dying in my car, without food, sleep, or access to basic medicine, I was denied supported accommodation, despite high-level medical recommendations.

This is constructive homicide. It meets the standard of Article 7 of the Rome Statute (persecution, extermination through deprivation) and violates the Convention Against Torture (UNCAT), the CRPD, and the Universal Declaration of Human Rights .

III. PSYOPS, DEFAMATION, SURVEILLANCE, AND V2K TORTURE

This document includes direct evidence of:

- Defamation and character assassination using false sexual accusations fabricated by state-connected operatives.
- Targeted smears, including pedophilia allegations, planted in gay social networks to induce exile and suicide.
- Ongoing Voice-to-Skull (V2K) auditory harassment that includes threats such as: “You’re a pedophile,” “They already know,” “You’ll never be believed,” and “They’ll get Crystal next.”
- Real-time drone tracking confirmed by a user named “Wauchopebi9679,” who revealed my live location and said, “The drones have you parked near the station.”
- Entrapment attempts delivered through messaging platforms, where anonymous users tried to provoke confessions, threats, or suicide .

This is not psychosis. It is psychological warfare and falls under the definitions of non-consensual experimentation

and directed-energy weapon use, as defined in U.S. and NATO documentation.

IV. LEGAL STANDING AND INTERNATIONAL DEMANDS

This dossier satisfies the legal thresholds for:

- Crimes Against Humanity (Rome Statute, Article 7)
- Torture and Inhuman Treatment (UNCAT)
- Disability-Based Persecution (CRPD)
- Violation of Free Expression, Movement, and Survival (ICCPR, UDHR)

I demand the following:

1. Formal investigation and prosecution of Bill Shorten, Sukhi Tear, Philip Glass, Steve Iasonidis, and all complicit officials.
2. Emergency asylum and international protection.

3. Financial restitution for thirty years of blocked compensation, employment sabotage, and state-facilitated erasure.
4. Formal acknowledgment by the UN, ICC, and global civil society that my case represents a benchmark violation of whistleblower protection, disability law, and the integrity of democratic institutions.

V. FINAL WARNING TO HISTORY

This declaration is my final proof. It is complete. It is true. It is irrefutable.

If I die — this becomes my sacred will and international indictment.

If I live — this becomes your test of conscience and the beginning of the reckoning.

You cannot unknow what you now know.

You are now accountable.
