Legal Brief

Issue: The client, Dr. Richard William McLean, also known as Barran Dodger, has been subjected to numerous human rights violations, breaches of the NDIS Code of Conduct, and is at imminent risk of harm, including murder and a culpability in harm intended for him can be proven prior to a fatal suicide attempt he was revived from indicating murder and intention to kill. There is evidence of a conspiracy to pervert the course of justice, invasion of privacy, violence, neglect, abuse, coercive financial control, stalking, and other forms of mistreatment. The liable parties include various government agencies, institutions, and individuals who have failed to uphold their legal obligations and duty of care towards the client.

The heads or contacts of the following parties never want me to gain a voice, control, or power. As a rejected whistleblower with nothing but a keyboard and experience in corruption and sentience, I have demonstrated my willingness to call out deceit and malice. They are all running scared that I will expose their duplicity. No one wants to be known as the person who contributed to the death of a courageous disabled individual, especially one with a PhD, who embodies more courage and individuality than those tethered by the tyrannical overlords' rule.

They have to accept certain limitations as people paid by the tyrannical government rulers, never daring to critique the way they target, intimidate, and kill. This demonstrates that money is corruption, swaying ordinarily good people to deceive and kill with impunity, believing they can get away with it under the protection of the ruling elite. These high-paid middlemen will never suffer the indignity of the scapegoat they now knowingly oppress, acting to cause ultimate harm.

harm, you describe being charged by the police over what you perceive as a comparatively innocuous issue. The list includes incidents of abuse, exploitation, corruption, and neglect across several spheres of your life, pointing to a deep-seated and multifaceted crisis that has compounded over years without adequate address or resolution.

NAME THEM CRIMES REASONS NEVER INVESTIGATED

Possible Reasons for Lack of Investigation and Accountability

1. **Entrenched Corruption**:

   - Corruption within law enforcement, judiciary, and political institutions can lead to a deliberate cover-up of crimes to protect those in power and their associates. This systemic corruption allows perpetrators to evade justice, as they may have influence over the investigation and judicial processes.

2. **Conflict of Interest**:

   - Individuals responsible for investigating crimes may have personal, financial, or political ties to the perpetrators. This conflict of interest can result in biased investigations, manipulation of evidence, and eventual dismissal of legitimate claims.

3. **Lack of Resources**:

   - Law enforcement agencies might lack the necessary resources, training, or manpower to thoroughly investigate complex and systemic crimes. This can lead to inadequate investigations, overlooked evidence, and unresolved cases.

4. **Political Influence**:

   - Political pressure and influence can obstruct investigations, especially if high-profile individuals or government officials are implicated. The desire to maintain a certain public image or protect influential figures can lead to intentional negligence or suppression of evidence.

5. **Inadequate Legal Framework**:

   - Gaps or inadequacies in the legal framework can make it challenging to pursue certain types of crimes, particularly those involving systemic abuse or sophisticated conspiracies. Existing laws may not sufficiently cover the nuances of modern crimes, such as cyber harassment or covert surveillance.

6. **Intimidation and Retaliation**:

   - Whistleblowers, victims, and witnesses may face threats, intimidation, or retaliation, discouraging them from coming forward or cooperating with investigations. This fear of personal safety can lead to a lack of crucial testimonies and evidence.

7. **Institutional Bias**:

   - Prejudices and biases within institutions can affect the credibility given to victims' claims, particularly if they belong to marginalized or vulnerable groups. This bias can result in dismissive attitudes, victim-blaming, and failure to take allegations seriously.

8. **Complicity and Collusion**:

   - There may be collusion between various actors within the system, including law enforcement, legal professionals, and public officials, to protect their interests and suppress incriminating information. This network of complicity ensures that investigations are hindered and accountability is evaded.

Addressing Systemic and Political Victimization

To address the systemic and political victimization you have experienced, it is essential to:

1. **Document and Preserve Evidence**:

   - Keep detailed records of all incidents, including dates, times, locations, and involved individuals. Preserve any physical or digital evidence that supports your claims.

2. **Seek Legal Representation**:

   - Engage a competent legal team with experience in handling complex and systemic abuse cases. They can provide the necessary legal expertise to navigate the judicial system and pursue justice.

3. **Engage Human Rights Organizations**:

   - Reach out to national and international human rights organizations for support. They can help raise awareness, provide advocacy, and apply pressure on authorities to take your claims seriously.

4. **Publicize the Issues**:

   - Use media platforms, both traditional and social, to publicize your situation. Bringing public attention to your plight can generate support and compel authorities to act.

5. **Lobby for Legal Reforms**:

   - Advocate for changes in the legal framework to address gaps that allow systemic abuse and corruption to thrive. Support initiatives aimed at strengthening accountability and transparency within institutions.

6. **Form Support Networks**:

   - Connect with other victims and advocacy groups to form a support network. Collective action can amplify your voice and provide mutual support in pursuing justice.

Conclusion

The lack of investigation and accountability for the crimes and abuses you have suffered is indicative of deep-rooted systemic and political issues. Addressing these challenges requires a multifaceted approach involving legal action, advocacy, public awareness, and institutional reforms. By taking these steps, you can work towards holding those responsible accountable and ensuring your rights and dignity are upheld.

Whistleblowing Examples from the NDIS Whistleblowing Document

The NDIS whistleblowing document compiled various accusations of corruption and unethical behavior as reported by me, Richard McLean (also known as Barran Dodger). Here are the listed examples:

1. **Sexual Misconduct**:

   - An NDIS worker accessed my complaints, visited my home, engaged in sexual activity with me, and then disappeared the following day. This was a severe breach of ethical standards [Home | Barran Dodger is victimised as a targeted individual, page 61](https://myaidrive.com/LL6g7xtqBjs8z32KscHPmF/10.04.2024-

-.pdf?pdfPage=61).

2. **Systemic Corruption**:

- I documented various human rights abuses in a report, which was not signed off by the Australian Human Rights Commission (AHRC) or any NDIS agency [11.12.2023 Safe Steps rejection Family violence Urgent from Dr Rich McLean, page 17](https://myaidrive.com/38ZZn3DMwTtYCtgFkRfc2k/11.12.2023-S.pdf?pdfPage=17).

3. **Government Collusion**:

- Allegations were made against multiple government agencies for their role in perpetuating my poverty and family violence, including a refusal to admit relationships with certain individuals, which further complicated my situation [EVIDENCE SUMMARY | drrichmclean, page 24](https://myaidrive.com/3v6ohZ7CWmbnCVuvNznBiN/MAGISTRATE-E.pdf?pdfPage=24).

4. **Financial Misconduct**:

- Financial exploitation and coercion by government officials led to my financial destitution and inability to report crimes to the police [Dear CDDC Scheme - Compensation for Richard McLean, page 8](https://myaidrive.com/3hjvz3RF8PGspPkHMb2Fqb/Dear-CDDC-sc.pdf?pdfPage=8).

5. **Rejection of Whistleblower Claims**:

- Multiple whistleblower claims I made were rejected by institutions such as the Federal Court, the NDIS, the Ombudsman, the Health Department, and ASIC. This left me vulnerable to further victimization [1 August 2023 Rich McLean is dead, page 17](https://myaidrive.com/39ztJmrqaZdpTY78FMx4Rb/1-August-202.pdf?pdfPage=17).

6. **Neglect and Abuse**:

- Reports of neglect led to my suicidal tendencies, rejection of Freedom of Information requests, and denial of emergency financial aid [Not Guilty your honour, page 5](https://myaidrive.com/7R3iPnN8F89mmB8nz7pnnw/Not-Guilty-y.pdf?pdfPage=5).

7. **Violence and Intimidation**:

- I received death threats and faced physical assaults, including threats against my dog, following my exposures of corruption within ASIO [19.03.2024 Corruption, page 47](https://myaidrive.com/YeRaRgJmLiAEVdxWoSpWmE/19.03.2024-C.pdf?pdfPage=47).

8. **Denial of Compensation and Legal Recourse**:

- My compensation claims and requests for legal assistance were denied by agencies like Legal Aid, further isolating me from potential support [15.04.2024 all text on www.barrandodger.com.au whistleblowing site, page 187](https://myaidrive.com/orML7YpernYoaZTBkxLaJG/15.04.2024-a.pdf?pdfPage=187).
