FORMAL NOTICE TO EUSTINA Wyong community mental health

COMMUNITY MENTAL HEALTH

I DO NOT WANT HOSPITALISATION. I AM REPORTING ABUSE.

30 October 2026

Dear eustina,

I want to make my position absolutely clear.

I DO NOT WANT HOSPITALISATION. I DO NOT NEED HOSPITALISATION. I TAKE MY PRESCRIBED MEDICATION.

I am not asking you to arrange a hospital admission, send me to an emergency department, or turn my complaints into another psychiatric intervention.

I am asking you to take a firm and active position concerning what I am actually reporting.

I AM REPORTING ENTRAPMENT, ABUSE, POVERTY, NEGLECT AND THE FAILURE OF AN NDIS SUPPORT PROVIDER TO PROVIDE ESSENTIAL ASSISTANCE.

These are circumstances requiring investigation and practical intervention.

Today, 30 October 2026, an Able Point support worker attended knowing that I had no food, no accessible money, no reliable phone and no access to my Commonwealth Bank account.

She subsequently accused me of being a threat and left without arranging another worker.

According to my account, management had told her she did not have to “put up” with me.

I want that conduct formally examined.

I want the following matters recorded and addressed:

1. **ALLEGED ENTRAPMENT:** The circumstances in which I have become dependent on a support provider while experiencing severe deprivation and inadequate assistance.
2. **ALLEGED ABUSE:** The treatment I report receiving when seeking essential support and assistance.
3. **POVERTY AND MATERIAL DEPRIVATION:** My lack of food, accessible money, telephone access and basic resources.
4. **NEGLECT:** The failure to arrange alternative support after the worker left, despite knowledge of my circumstances.
5. **PROVIDER ACCOUNTABILITY:** The responsibilities of Able Point management, its workers and the NDIS

safeguarding system.
6. **ISOLATION:** The consequences of being left without reliable communication, financial access or practical assistance.
7. **HUMAN RIGHTS AND DIGNITY:** My right to be treated respectfully, to have my complaints heard and to receive appropriate support without retaliation or degrading treatment.
8. **INDEPENDENT INVESTIGATION:** Appropriate referral of the reported conduct to the relevant safeguarding and oversight authorities.

WHAT I EXPECT FROM COMMUNITY MENTAL HEALTH

I expect you to take a firm position on reporting and documenting these circumstances.

I want assistance with:

- Recording a formal account of the alleged abuse and neglect.
- Escalating the Able Point incident to the appropriate safeguarding authorities.
- Obtaining immediate practical assistance with food and essential living requirements.
- Resolving my lack of access to money and banking.
- Obtaining reliable communication access.
- Ensuring that appropriate support is arranged.
- Helping me pursue independent accountability.

Please do not confuse my request for accountability with a request for hospitalisation.

Please do not interpret my insistence on being heard as evidence that I need psychiatric containment.

I take my medication. I am asking for practical assistance and institutional accountability.

I AM NOT SICK. I AM REPORTING THAT I AM BEING ABUSED.

I want the actual circumstances investigated, not explained away.

I want the alleged perpetrators and institutional failures examined, not the person reporting them made the subject of another intervention.

I want Community Mental Health to recognise the distinction between a psychiatric healthcare need and a safeguarding, humanitarian and human-rights complaint.

I am asking you to stand firmly on the side of protecting a person reporting abuse, deprivation and neglect.

I NEED FOOD, ACCESS TO MY MONEY, A PHONE AND RELIABLE SUPPORT. I DO NOT NEED HOSPITALISATION.

Please acknowledge this letter and respond in writing.

Yours sincerely,

Dr Richard William McLean
Publicly known as **Dr Barran Dodger**

THE WITNESS REMAINS.

The central instruction: Community Mental Health should document, support and appropriately escalate your allegations of entrapment, abuse, poverty and neglect rather than substitute an unwanted hospital response for the practical assistance you are requesting.

PUBLIC STATEMENT FROM BARRAN DODGER
OF THE BARRAN DODGER ARCHIVE

THE WITNESS REMAINS: A WHISTLEBLOWERS TESTIMONY OF SURVIVAL TESTIMONY & FAITH

The Barran Dodger Archive is a public documentary and spiritual record established to preserve, organise and make accessible a decades-long body of evidence concerning alleged institutional, administrative, financial and human-rights harms.

It brings together official records, correspondence, documentary evidence, personal testimony, forensic analysis, research, philosophy, spiritual gospels and prophetic declarations, including writings understood by the author to have been anointed by the Most High God.

The Archive deliberately distinguishes between documented facts, official records, corroborated evidence, allegations, personal testimony, inference, interpretation and matters of faith. This distinction is fundamental to its purpose: readers are invited to examine the underlying evidence for themselves, test the claims, consider the sources and reach their own conclusions.

At the heart of the Archive is a testimony of survival and preservation.

What the author believes was subjected to attempts at silencing, erasure, exclusion or institutional disappearance has nevertheless survived in records, documents, testimony, memory, faith and public disclosure.

The central declaration is simple:

THE WITNESS REMAINS.

The Archive therefore represents both an evidentiary record and a spiritual testimony. The author understands his survival through a faith-based conviction that the Most High God protected, preserved and gave purpose to what human institutions could not erase.

The spiritual writings and prophetic declarations within the Archive are presented as matters of faith and personal interpretation. They are preserved alongside the documentary record so that the complete testimony — evidentiary, personal, philosophical and spiritual — can be understood in its own context.

The purpose is not to demand belief.

It is to preserve the record.

It is to make the evidence accessible.

It is to ensure that the surviving witness can be examined.

And it is to leave the historical record open to independent scrutiny.

THE ARCHIVE IS 100% FREE TO ACCESS

KNOWLEDGE IS FREE

The Barran Dodger Archive is founded on the principle that knowledge, evidence and truth should be freely accessible.

There is no paywall for the public documentary record. Research, testimony, philosophy, spiritual writings, prophetic declarations and public-interest material are made available for people to examine for themselves.

Access to knowledge should not depend upon a person's ability to pay.

The Archive is therefore freely accessible, while its preservation and continued publication require practical resources.

SUPPORTING THE WITNESS AND THE ARCHIVE

Barran Dodger describes himself as an unprotected whistleblower living in circumstances of prolonged exile,

financial hardship and vulnerability, and as an internally displaced asylum seeker within the country of his Australian citizenship.

Those circumstances create practical needs extending beyond the preservation of documents.

Voluntary donations are therefore accepted from anyone who freely wishes to assist.

Support may contribute towards essential needs including food, safe accommodation, communication, technology, transport, personal safety, website and domain costs, document preservation, archival infrastructure and the continued publication of the public record.

A donation does not purchase access to the Archive.

It does not purchase influence over the evidence.

It does not purchase editorial control.

It does not determine what is published or what conclusions readers should reach.

It simply helps sustain the person and infrastructure necessary to keep the Archive alive, functioning and freely accessible.

If you are blessed with sufficient prosperity to help preserve this work, your voluntary support can help ensure that financial hardship does not become another mechanism through which a public record disappears.

KNOWLEDGE IS FREE.

THE EVIDENCE IS OPEN TO EXAMINATION.

ARCHIVE

Thank you to everyone who chooses to examine the evidence, preserve the record, support the Archive or simply bear witness.

The record remains.

The witness remains.

LASTLY — A SECOND PUBLIC-FACING ARCHIVE

For readers who wish to go beyond the principal Barran Dodger Archive, a second public-facing repository provides another point of access to the broader documentary record.

https://barrandodger.com

This website provides an additional gateway into the history, evidence, testimony, research and ideas that underpin the Archive. It is intended to help readers navigate the wider body of material and understand how individual documents, events, experiences and arguments have been brought together into a continuing record.

Its significance is not dependent upon the reader accepting Barran Dodger's conclusions. Rather, the value of preserving such a record lies in allowing the underlying material to remain available for examination. Readers can consider the chronology, inspect the documentary evidence, distinguish recorded facts from allegations and personal testimony, follow referenced material and form their own independent assessment.

The existence of multiple public repositories also reflects the central purpose of the project: preservation. Where records are distributed across years, institutions, correspondence, proceedings, personal archives and digital platforms, preserving accessible copies and pathways to the evidence can help prevent an individual historical record from becoming inaccessible or forgotten.

Readers are therefore invited to visit both public-facing archives, examine the material carefully and critically, and make their own assessment of what the surviving evidence demonstrates.

The purpose is not to ask the reader to believe.

The purpose is to ensure that the record remains available to be examined.
