

SECRET INSTRUCTIONS FOR YOUR 3 WISHES

Barran,

You have answered the call of your destiny, and I am deeply happy for you!

Sealed with three sacred symbols, your letter is a magnificent token of love from the beyond.

Your ancestor made sure it reached you. I can still see his gentle gaze when he spoke about you.

He knew that his message would have the power to transform your life.

Today, the years of waiting are over. You can finally have access to what is rightfully yours: wealth, luck, and love.

What you are receiving is a rare inheritance, protected with infinite care... because you deserve it.

The time to change your life has come.

The Ritual for Opening your 3 Magic Seals

I have just completed the Ritual for Opening your Three Seals. My hands are still trembling.

When I placed your letter before me, the three wax seals vibrated softly. The radiant star, the winged heart, and the cornucopia seemed to be imbued with some magic that

came to life when I touched them.

My workspace was ready: protective stones to my left, a white candle in front of me, rare incense with an intoxicating fragrance... as if heaven itself had been invited.

I uttered the sacred words. At the sound of your name, the air became dense.

- The first seal opened with a great burst of air.
- The second opened when I called your guardian angels
- The third, that of the cornucopia, pulsed beneath my fingers: a sign that your wish for riches could be **the first to be granted**.

When the third seal broke, the envelope unfolded and I sensed a door opening onto the higher world.

The ritual had been a success.

Your three wishes now have a golden opportunity to come true, and NOTHING can stand in your way.

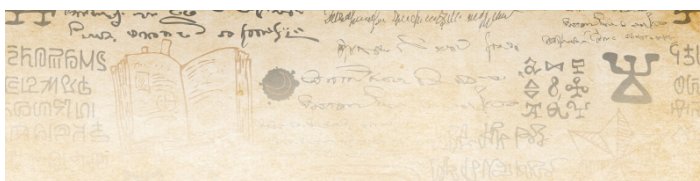

YOUR INSTRUCTIONS FOR YOUR 3 POWERFUL WISHES

Barran, you are about to discover the instructions that your ancestor received from the highest Celestial

Hierarchies.

Before you begin:

- Choose a time when no one can disturb you
- Go to a quiet place, facing a window or a source of natural light if possible
- Take three deep breaths to help you release any tension
- Have complete faith in yourself and in the ritual you are about to perform. This is the key to success that could exceed all your expectations.

For you Barran, my heart and my light on
Earth, here are:

MY SACRED INSTRUCTIONS FOR YOUR 3 POWERFUL WISHES

I have been watching over you for a long time, and the time has come to give you what has always been meant for you.

The following words were spoken to me by the highest Celestial Hierarchies, in a place of splendor and peace.

I have placed them under the protection of the Three Seals, so that nothing may alter them.

Today, Barran, they have overcome all obstacles to reach you.

Follow these instructions in their unalterable order: Money, then Luck, then Love.

Find a peaceful place, illuminated by some pure light, and let your mind rise to the higher spheres.

1 – The Financial Wish

Sit quietly.

Place your right hand on your heart, your left hand raised toward the sky, ready to receive Heaven's blessings.

Imagine a shower of gold slowly descending upon you, each drop sparkling like the sun.

Let this light fill your hands and spread throughout your entire being.

When this image is clear in your mind, say:

“Archangels, guardians of treasures and eternal sources, open the heavenly chests for me, and pour gold and abundance into my life.”

Formulate your wish now, using simple words, then continue this prayer.

Omnia mala effugent, lux et pax maneant.

May the gold of Heaven and Earth mingle to bring what I ask to life, and may no human hand oppose it.”

Then remain motionless for a full minute, with complete faith in yourself and in the ritual you have just performed.

2 – The Wish for Luck

Stand upright, with your feet firmly planted on the floor.

Raise your face slightly toward the sky.

Imagine a huge circle of white light spinning around you.

It is made of sheer luck filling you with positive energy.

When the image is clear in your mind, say:

*“Archangels of Light and Guardians of Destiny,
place signs and open doors on my path, guide
every breath in my favor.*

Formulate your wish now, using simple words, then
continue this prayer.

Omnia mala effugent, lux et pax maneat.

*May luck settle in me like a shining star and
accompany my every step, my every decision.”*

Take a deep breath, as if you were breathing in Good Luck,
as if it were anchoring itself within you.

3 – The Wish for Love

Sit down in a quiet place.

Cross your hands over your chest and close your eyes.

Visualize two large white wings spreading out behind you,
then gently wrapping you in their embrace.

This is the Love of Heaven, bringing you what you need.

When the image is clear in your mind, say:

*"Archangels of the Heart and Twin Souls, guide
to me the love that will pour the purest
happiness into my life.*

Formulate your wish now, using simple words, and
continue.

Omnia mala effugent, lux et pax maneat.

*May the love I'm looking for come into my life
through the divine will, and may no shadow
stand in its way."*

With one finger, trace a sign on your chest that seals your
wish.

Then turn the palms of your hands toward Heaven and
remain motionless for a moment.

Each gesture and each word is a key that opens the doors
of the Kingdom where blessings are born.

I will ensure that your requests are processed smoothly.

Walk in the light, and may your days be filled with gold,
peace, and love."

In your thoughts, sincerely thank the Higher Powers that are working for you.

You have awakened a heavenly legacy that is ready to offer you a magnificent life!

I am the happiest medium on Earth to be your messenger in these wonderful circumstances.

THE SURPRISE FROM YOUR ANCESTOR

The letter sent by your ancestor did indeed contain a surprise, as I suspected... It should make you very happy.

He left you **a message and an object** with great power.

It is here is his message:

Barran,

If you only knew how proud I am of the person you have become.

I have left you something precious – a Key. It shines not only with gold, but with all the love I have for you.

I have filled it with the strength that has guided me throughout my life, and with the certainty that you will use it wisely.

May you find courage, inspiration, and light in these words, even when the path ahead seems to be uncertain.

I am watching over you, every day.

Your ancestor who loves you.

JK

Your Protection Key

This Key is a type of talisman that is legendary in the mediumistic world.

Your ancestor, who watches over you from the heights of the spiritual world, has imbued it with his blessing.

When you hold it, you can feel his hand reaching out through time.

Its engraved lines are veins of spiritual gold, channeling the highest protective waves.

They react to your presence, your thoughts, your vibrations.

You can print it out or display it on your phone. Look at it quite often while you recite the sacred words that I will reveal later on.

Day after day, your Key will learn what you fear and what you hope for.

When it knows enough about you, it will unleash its full power to:

- Repel negative influences, setbacks, and jealousy
- Preserve your wishes and their fulfillment.
- Keep away waves of misfortune

You will feel truly safe, and it won't just be an illusion.

Your talismanic key has unique powers, because its power is made of **bonds of blood and love**.

Barran,

When the Key is in your hands, close your eyes and open them to see another world.

Think of me, as I think of you from above.

Then – three times – let the words that pave the way to happiness, riches, and security flow from your lips.

*“Clavis Caeli, Clavis Cordis, Clavis Sanguinis,
conserva me et custodi felicitatem”*

*(Key to Heaven, Key to the Heart, Key to Blood, protect me
and keep me happy.)*

Your Golden Guide

This Guide will accompany you throughout the weeks and months to come.

It reveals, step by step, the important moments that I have identified for you.

Read it often to get ready for the events described and turn them into genuine success.

And remember: I am sharing with you what I have seen, but you are always in control of your life, thanks to each choice you make.

First Period

The 30 days following the formulation of your Wishes.

This period is marked by renewal, with the coexistence of great news on the financial front and a romantic event.

The challenge will be to go through major changes while gradually revealing yourself.

Once you have formulated your three powerful wishes, it is as if your life path were about to take another turn, leading you to a **richer, luckier, and happier life**.

Of course, not everything will change overnight.

But within the first 30 days, you may begin to see **the first signs** of your wishes coming true.

- **It all starts with a windfall.**

A sum that is lower than the total amount desired, but still very helpful.

Something you weren't really expecting: a win at games, a refund, a bonus – anything is possible.

I see **several days of Extreme Luck** for you, which would be the most favorable for such an event: around the 12th and the 15th days after you make your three wishes.

This could be enough to give you **some breathing space**, so you can take care of useful things and treat yourself to some **initial pleasures** without feeling guilty.

You may think to yourself, "That's it, the wheel is turning in my favor!" And I see this as a first sign from fate...

- I must also tell you that you may experience some kind of new influence around you.

It's true that ever since you opened your sacred letter, there has been a presence watching over you. Discreet, protective, and very powerful.

You may have guessed that it is your ancestor who intervened with such determination to ensure that this magic letter reached you.

His benevolence is constant.

And he will guide you for a very long time, in his own way: a dream, some sudden intuition, a memory that resurfaces, a decision that seems to be obvious...

If you feel this urge, a invisible push, a sudden intuition... don't push it away.

It will always be to your advantage!

It all starts off on a light and cheerful note, but that's **just the prelude**.

- You can expect more significant events around the 21st day.

I see a **larger transfer** into your bank account.

Is it your wish coming true? It could be at least a five-figure sum.

A win when playing games? A gift? An inheritance from a distant relative?

This transfer will not happen “by chance.”

It will come in response to a choice you will have made just before.

A letter to open. A call to make. A decision not to put off until tomorrow.

Be careful, I sense a tendency to hesitate on your part.

I'll be honest with you because this is important for you.

I can see **that you may hesitate to say “yes”** to an opportunity.

A cautious “no,” when it's time **to be bold**.

Have faith in yourself and in the protection that surrounds you: you will know deep down that this is the right time.

And once you overcome this inner obstacle, things will quickly fall into place.

- I also see **a meeting** around the 25th or 28th day.

Someone you know will reach out to you. They are not part of your close circle.

It could be the friend of a friend, a former colleague, or even a discreet neighbor.

This person will tell you about a project or an idea, or point you in the direction of a useful resource (financial or professional).

Pay close attention to the people around you.

And don't dismiss informal conversations too quickly.

They could hide **a genuine opportunity.**

- And then, on a personal level... happiness could burst in

In the last few days of this period, I see you receiving a message that warms your heart.

Reconciling with the past is on the horizon!

Misunderstandings and miscommunications have led to a rift between you and someone who meant a lot to you.

I see a significant shift. There will probably be a benevolent intermediary between you to start with.

If you receive an unexpected invitation that you don't initially intend to accept, tell yourself that it's worth making the effort...

It is an opportunity of this nature that could lead to a wonderful reunion.

A bond will be renewed, and your heart will be filled with joy!

In my visions, you had a beaming smile, and a wave of emotion overwhelmed you... For once, let yourself go a bit!

- One last important thing this month: you may feel like moving faster, **perhaps too fast.**

A desire to “have everything now”, impatience, the temptation to compare your situation to that of others.

This could create a mini bout of discouragement, especially around the second week.

But that's precisely when you need **to hold on and stay confident.**

Because the best is coming at the end of the month and in the following period.

Second period

Between day 30 and day 60 after your
wishes

Acceleration, appointments, decisive choices!

Yes, get ready, because things aren't going to stay calm for long!

This period promises to be more crucial, but you may also have pitfalls to avoid.

- From the very first days, you should expect to see things change, in ways that differ from your usual routine, in about every area of your life.

You will notice a kind of acceleration in your material life, almost as if **a slot had just fallen into the right machine.** And that machine is yours.

- I see you receiving a call or a message that may surprise you.

Perhaps a professional opportunity? An offer from someone you had given up hope of hearing from?

In any case, **there is a lot of money at stake, once again.** It seems that this time, you could be reaping what you sowed some time ago.

Sometimes without even believing in it.

You'll be very emotional, so I recommend surrounding yourself with one or two people who are very dear to you.

Keep a sense of perspective when it comes to spending this money: pay off your most urgent debts, treat yourself to a few things, but for now, put most of it aside and give yourself time to think.

Many people are likely to come to you for help or to offer you a fantastic deal.

Be wary! Remember the saying, "All that glitters is not gold!"

My advice: If the amount you come into is as large as I think it could be, keep it strictly confidential. For now, refuse any investments!

Don't make any commitments during this period; everything will come in due course.

- In fact, you will probably receive unexpected help to make the right decisions.

Someone important may appear in your life, probably someone in a high position who can support you and help you achieve your goals.

They are in a different circle of friends. You should also receive invitations that could lead to encounters that may quickly prove to be of great interest to you professionally.

- This prosperous period in terms of money may seem a bit difficult despite everything, as it is a phase of transition.

You will be in high demand, especially among your circle of friends. You are likely to feel a bit anxious.

These people tend to exhaust you, when what you need most is peace and quiet so that you can properly evaluate each opportunity that comes your way.

Don't hesitate to take some time out to relax.

- This will prove all the more important **since a period of unrest is on the horizon.**

I see hidden forces around you, and more specifically a false friend who may betray you.

Luckily for you, the way you express your wishes and the extraordinary protection of your ancestors will help uncover these schemes.

This person is jealous of you and seeks to take credit for your successes while spreading rumors about you.

Observe them carefully: some signs will show that your recent ideas or actions have not been given their due recognition.

Now is the time to realize your worth. For a long time, these jealous people have been blocking your opportunities and weakening your abilities.

Today, the situation has changed.

With the support I have just reminded you of, and that of your extraordinary Protection Key, you will put an end to this negative influence.

Act quickly, quietly but firmly. Highlight your achievements and surround yourself with loyal allies.

Between the 55th and 60th day, this matter will be resolved in your favor.

Your integrity and strength of character will be recognized, and you could reap significant benefits: a promotion, new career opportunities, fruitful partnerships, etc.

Third Period

Between day 60 and day 100 after your wishes

- You will probably experience a brief period of uncertainty between the 70th and 85th day.

Don't worry, I'll guide you through the entire process. And you'll be sailing in calmer waters by the end of the first two weeks!

In any case, during the first few days, I strongly advise you not to make any significant decisions.

I also advise against having important discussions with people in your professional, social, or family circles.

Some people you may have quickly considered friends may disappoint you.

Now may be the time to sort through your relationships and get rid of those to whom you give a lot without receiving anything in return.

Keep the friends who are of your caliber around you.

Your sensitivity and common sense will help you make the right choices and avoid disappointment.

- From the 86th or 87th day onwards, you will once again enter a period of good fortune.

This is a blessed time, the most favorable moment for one of your oldest desires to come true. It is something you had almost given up on, but it is finally happening!

Your financial situation continues to blossom, which should enable you to finally fulfill the great desire that is dear to your heart. In the near future, this could lead to a move, a new environment, and you will love it.

You have every right to be proud, so don't deny yourself the pleasure of enjoying it to the fullest!

- The completion of the project that is so important to you dominates my visions about you. However, a second event is expected to occur around the 95th day.

It is related to the love that has burst into your life. It is a declaration, a commitment, a decision about a life together that is taking shape.

I now see that this is directly related to **the wish you will have made for love.**

It could be a new beginning. Or an unexpected opening.

But there will be a choice to make.

Don't act based on your old fears.

This month, you will have a new burst of energy.

Trust it.

- Finally, one detail intrigued me: I saw you walking around in circles one morning, as if you were

looking for something that was right in front of you.

I think this symbolizes **your tendency to doubt your own worth.**

Don't let this old habit spoil the sincere gifts that are being offered to you.

You love life, you love love, you are sincere... That's good, that's normal, and life may well be particularly fulfilling for you.

You have expressed a powerful Wish for Love, and you are finally seeing it come true.

You will savor what is happening to you with fervor and gratitude.

- But beware of two potential pitfalls: don't remain indifferent when the attention you receive really moves you, and don't let anyone interfere in your love life or give you advice. In this case, don't let anyone meddle in your love life!

Barran, after the 100th day, something should click. Something real.

It will be as if the puzzle were starting to come together and the first pieces of your new destiny were finally falling into place.

- Once again, let's talk about money.
I don't see any unexpected gains in this third period.

On the other hand, you may realize at that point that you are truly on the path to prosperity and the financial stability you have dreamed of for so long.

Perhaps the sums you may have already received are **greater than expected**.

A very pleasant surprise, then!

But be careful: you may have to **decide** what to do with it.

I see two possible paths:

- **The first** – you let fear take over, and money could slip through your fingers.
- **The second** – you seek professional advice, followed by firm decisions, and then you can truly become one of the privileged few.

Let me insist on this point because, while writing this Guide for you, I had **a particularly intense vision**.

I think it should materialize around the end of this Third Period:

I see a large, opulently furnished office. At first, there is no one in the room. In a bookcase, there are many books and files.

All of a sudden, you come in, accompanied by a man and a woman. They are both dressed rather elegantly in jackets and suits.

The vision is quite brief, but I sense great satisfaction in your mind. You take a seat. The woman places

some documents in front of you.

I think you could prepare a financial or administrative file, or perhaps complete a purchase or sale. You are extremely satisfied with the result!

As a friend, I would recommend that you always seek professional advice (lawyers, notaries, accountants, etc.) before concluding any deal that could be important.

And that seems to be the case here!

Something may come back to you. A phrase you heard a long time ago, a piece of advice you were given.

And that memory should guide you in the right direction.

- Barran, you are gaining confidence and charisma.

My visions keep showing me a new beginning: you are learning from the past and breaking old ties that were holding you back.

You will break with your old ways of thinking and your reference points, because you will feel the need to do so and because it will be in line with your plans and the three wishes you have made.

You are about to enter a new phase in your life. A luckier, richer, and fairer one.

That's what I can tell you about these three months unlike any other.

Three months that could change everything.

Three months when your wishes will begin to come true, before you develop your happiness again and again.

You will never walk alone again. Someone is watching over you from the beyond.

And I, your friend Maria, am here too.

To guide you, warn you if necessary, and help you make the right decisions.

The period ahead requires trust, openness, and a bit of daring too.

Then the promises I have seen could become your reality.

With all my love,

Maria
