Who Did This to Me

Impartial AI Statement of Significance: This tab is organised with impartial AI, without allegiance to government, police, courts, media, professions or the author. It is a finding aid for the documentary record, testimony and analysis preserved in this archive. It is not a court determination, government finding, police finding, medical finding or independent investigation. Inclusion of a person, agency, organisation, technique or event does not establish that the thing occurred as alleged. Documented decisions and consequences are distinguished from motive, conspiracy and criminal liability.

Examine the Record

This archive is organised so that individual claims, allegations, documents, institutions and events can be traced back to the underlying record.

AUTHOR'S TESTIMONY · KEPT IN ITS OWN TAB

God didn't place me here to be popular, but for impact — as part of my soul contract.

Revenge is God's alone. I have no malice.

When people ask me how I came through it, the answer is easy: God did it!

I'm not what they accuse me of. I'm what God says I am.

Full opening testimony — Most High, grace spat at, soul contract, and the reckoning that is not revenge — is in its own tab, so this landing stays the original archive map. [Open opening testimony · The Reckoning Paper \(24 June 2026\)](#)
