THE DIVINE RECKONING

A PUBLIC TESTIMONY, DOCUMENTARY RECORD

AND CALL FOR ACCOUNTABILITY

By Dr Richard William McLean / Barran Dodger

PRESERVATION FIRST. EXAMINATION SECOND. CONCLUSION LAST.

“For nothing is secret, that shall not be made manifest; neither any thing hid, that shall not be known and come abroad.” — Luke 8:17

This statement is not presented as a court judgment, a criminal finding, or a substitute for independent investigation. It is a public testimony, a documentary index and a call for lawful accountability. Its purpose is to place before the reader the public record I have created, the writings through which I have interpreted my life, and the specific documents that I believe require honest examination.

Every link below is included because it forms part of one continuous public record: my testimony, my spiritual writings, my complaints, my correspondence, my legal brief and my preserved documentary archive. Together, they show that I did not merely make claims privately; I published them, preserved them, dated them, indexed them and invited examination of them.

> *"For nothing is secret, that shall not be made manifest; neither any thing hid, that shall not be known and come abroad." — Luke 8:17*

I. THE PRIMARY PUBLIC TESTIMONY

My primary public testimony is The Testimony — Dr Richard McLean's Primary Witness Statement. This is the central narrative account of my life and circumstances. It is linked here because it explains, in my own words, the experience that gave rise to the documentary archive: my account of 35 years of alleged persecution, involuntary hospitalisations, financial exile, and the preservation of more than 2,300 claimed blockchain-verified exhibits.

The permanent written form of that testimony is Immortal Testimony — McLean 2025. This document is linked because it presents the archive as a permanent record containing more than 2,000 primary-source documents, forensic analyses, Gospel writings and alleged evidence concerning institutional suppression. It is the bridge between my personal story and the documentary evidence that follows.

My public spiritual testimony is preserved at The Church of Barran Dodger, titled "A Witness Before the Tribunal of Humanity and Why I Can't Lose." This site is included because it records the theological and prophetic meaning I attach to survival, witness, divine accountability and the refusal to be erased.

An earlier public account of the same matters is preserved at Evidence — Dr Rich McLean. This page is linked because it shows the continuity of my public account over time, including allegations of systemic abuse, poverty, denial of services, platform restrictions and institutional targeting.

> *"And ye shall know the truth, and the truth shall make you free." — John 8:32*

II. THE PUBLIC ARCHIVES

The principal documentary repository is wezzo72/Barrandodger on GitHub. This archive is linked because it contains the largest publicly accessible collection of my writings, complaints, correspondence, legal material, forensic analyses and preservation records. At the time of inspection, it displayed 1,396 commits and more than 1,000 visible files, with a further 390 entries omitted from the displayed directory listing.

The original web presentation of the archive is Barran Dodger — Public Documentary Archive. It is linked because it presents the archive in a navigable public form and allows readers to move from narrative testimony to individual records.

The rebuilt and verification-focused archive is The Witness Remains — Rebuilt Public Archive. This is linked because it describes the preservation methods used across the archive, including SHA-256 hashes, OpenTimestamps, automated completeness checks covering 660 records, Git chain-of-custody and an epistemic framework distinguishing documented fact, testimony, allegation and spiritual belief.

My formal legal brief is Legal Brief of Barran Dodger / Dr Richard William McLean — 23 October 2026. It is linked because it gathers the principal documentary questions into one structured request for accountability, covering accommodation, financial hardship, NDIS funding, guardianship, vehicle disposal and institutional decision-making. A preserved copy also appears at Legal Brief — Rebuilt Archive Copy.

The legal brief itself states that it is a “finding aid,” “not a court,” “not a verdict,” and that “a link is not a finding.” That principle governs this entire statement.

> *“Write the vision, and make it plain upon tables, that he may run that readeth it.” — Habakkuk 2:2*

III. THE GOSPELS AND PROPHETIC WRITINGS

My Gospel and prophetic writings are spiritual, theological, literary and autobiographical works. They are linked not as proof of every historical allegation, but because they explain the meaning I give to my survival, suffering, faith and continued testimony.

The foundational spiritual text is The Witness Remains — Complete Original Text. It is linked because it is the complete original written expression of my witness: the account of betrayal, survival, divine purpose and the preservation of testimony.

The collected spiritual and prophetic works appear in The Witness Remains — Gospels and Prophetic Narratives. This is linked because it gathers the Gospel writings and prophetic narratives into a single public collection and explains their relationship to the documentary archive.

The preservation record for the wider testimony and evidence index is The Witness Remains — The Paradox of Protection: Public Testimony, Documentary Record and Evidence Index. It is included because it preserves the connection between the spiritual testimony and the documentary index.

The central prophetic work is The Prophecy of the Witness. It is linked because it presents my prophetic interpretation of witness, survival and divine accountability. Its public presentation also appears at Chosen Witness, which identifies *The Witness Remains — The Prophecy of the Witness* as the central prophetic paper of the commission.

The preserved statement associated with that prophetic work is Chosen Witness Grok Statement. It is linked because it records the public formulation of the prophetic testimony.

The autobiographical spiritual interpretation of survival is The Paradox of Survival. This is linked because it explains why I regard the preservation of my record as spiritually significant: survival alone is not the point; the witness must remain.

The major testimony of erasure and spiritual resurrection is The Impossible Survivor — The Witness Remains. It is linked because it names the central themes of my testimony: total human betrayal, spiritual resurrection, divine purpose and refusal to be erased. Its OpenTimestamps preservation receipt is The Impossible Survivor — OpenTimestamps Receipt.

The work concerning identity, erasure and accountability is The Ghost They Created — The Witness Who Became Their Prosecutor. It is linked because it addresses the transformation of a person treated as invisible or discredited into a witness who demands examination of the record.

The later prophetic declaration is The Final Reckoning — 24 October 2026. It is linked because it appears in the rebuilt archive as one of the principal “Archive Doors,” marking the point at which the testimony turns directly to accountability.

The collected Gospel work is 123 Gospels — Barran Dodger. It is linked because it preserves the larger body of Gospel writing through which I have expressed my spiritual understanding of the events described in the archive.

The epistemological safeguard is Cumulative Observation Addendum Note — 13 October 2026. This is linked because it expressly distinguishes my words, scriptural interpretation and what can independently be verified from the public archive. It is one of the most important documents in this statement because it prevents spiritual testimony from being confused with documentary proof.

The public spiritual archive page is God's Chosen Witness. It is linked because it presents the same witness framework in a further public form and connects readers to the rebuilt archive.

The Church's public declaration is Final Sacred Verdict of Non-Consent, Witness Testimony and Systemic Indictment — 13 May 2025. It is linked because it preserves an earlier formal spiritual statement of non-consent, testimony and alleged systemic wrongdoing.

A further public spiritual reflection is Post — The Church of Barran Dodger. It is included because it records the continuing public spiritual dimension of the testimony.

> *"And I saw the dead, small and great, stand before God; and the books were opened: and another book was opened, which is the book of life: and the dead were judged out of those things which were written in the books, according to their works." — Revelation 20:12*

IV. THE DOCUMENTARY RECORD

The documentary material is linked because it shows the practical, administrative and institutional history behind the testimony. These records do not prove every conclusion I have drawn. They are linked because they are the records against which my account, and the accounts of others, should be examined.

> *"The Lord executeth righteousness and judgment for all that are oppressed." — Psalm 103:6*

Analytical and forensic writings

The central analytical work is The Documentary Trap — When the System's Own Record Becomes the Evidence. It is linked because it explains my central argument: institutional records can become evidence precisely because they are created, dated and preserved by the institutions themselves.

The analytical web works are The Architecture of Administrative Annihilation, Coordinated Institutional Mobbing — Forensic Academic Paper, Group Mobbing — Forensic Academic Analysis, and The Psychology of Erasure — Academic Analysis. These are linked because they present my research and interpretation of the mechanisms I believe shaped my circumstances.

These are linked because they organise the chronology, alleged harms and documentary trail into a form that can be examined.

> *"For we can do nothing against the truth, but for the truth." — 2 Corinthians 13:8*

V. WHY EACH LINK MATTERS

Every link in this statement has one justification: it is part of the public means by which my account can be tested.

The testimony pages establish what I have said publicly and continuously. The Gospel and prophetic works establish the spiritual and theological meaning I give to that testimony. The legal brief organises the questions I believe require answers. The complaint, FOI, NDIS, trustee, hospital, police and financial records establish the administrative trail through which those questions can be examined.

The archive does not ask readers to treat a link as a verdict.

It asks readers to preserve first, examine second and conclude last.

> *"Prove all things; hold fast that which is good." — 1 Thessalonians 5:21*

VI. THE ALLEGATION OF SYSTEMIC BETRAYAL

I believe that the cumulative treatment I have experienced warrants examination as a possible pattern of institutional failure, neglect, adverse treatment and the erosion of the conditions necessary to live with dignity.

I have described this experience as **genocide via attrition**.

That is my moral and spiritual language for the cumulative loss of security, independence, financial stability, safety, opportunity, dignity and access to meaningful assistance.

It is a grave characterisation and an allegation, not a legal finding.

It must be tested against the actual evidence, the relevant legal definitions and the decisions of competent independent authorities.

I also believe that concentrated wealth and influence can create conditions in which vulnerable people are overlooked, institutional failures are protected and accountability becomes difficult to obtain.

I allege that powerful interests and individuals may have influenced how my circumstances were perceived or addressed.

Any claim of bribery, coordination or deliberate concealment must be tested against identifiable evidence, not assumed.

But no person's wealth, professional title, political position or institutional authority should exempt them from scrutiny.

> *"Thou shalt not take the name of the Lord thy God in vain; for the Lord will not hold him guiltless that taketh his name in vain." — Exodus 20:7*

> *"Judge not according to the appearance, but judge righteous judgment." — John 7:24*

VII. THE TEST OF PROFESSIONAL INTEGRITY

1. Did you examine my actual testimony?

2. Did you examine the relevant documentary evidence?

3. Did you distinguish allegations about me from verified facts?

4. Did you consider whether your decisions or omissions could have caused harm?

5. Did you act consistently with your professional and ethical obligations?

6. Did you document the reasons for your decisions?

7. Did you correct errors when contrary information became available?

8. Did you protect my dignity and right to be heard?

9. Did you act independently, or did assumptions, pressure or institutional interests determine your response?

10. Are you prepared to account for your conduct now that the documentary material is publicly accessible?

These are questions, not predetermined findings of guilt.

They deserve answers.

> *"Every one of us shall give account of himself to God." — Romans 14:12*

VIII. THE DIVINE RECKONING

I believe in the Most High God, the Creator of the universe.

I believe that my life has been preserved through circumstances I have experienced as devastating.

I believe that my survival, testimony, writing and continuing insistence upon truth have spiritual significance.

I believe that when people reject truth, disregard compassion and misuse authority entrusted to them, they must ultimately answer for their conduct.

No one wins a fight against God.

I do not mean this as a threat of violence against any individual.

I mean that no human being can claim ultimate authority over truth, conscience, justice or the moral accountability that stands above human institutions.

The divine reckoning I speak of is a reckoning of truth, conscience, responsibility and accountability.

I seek truth, not revenge.

I seek accountability, not violence.

I seek restoration of dignity, not destruction of another human being.

> *"Vengeance is mine; I will repay, saith the Lord." — Romans 12:19*

> *"Be not deceived; God is not mocked: for whatsoever a man soweth, that shall he also reap." — Galatians 6:7*

> *"The Lord is slow to anger, and great in power, and will not at all acquit the wicked." — Nahum 1:3*

IX. FINAL DECLARATION

I am still here.

I have preserved my testimony.

I have published my writings.

I have assembled the documentary material available to me.

I have continued to seek independent examination of the records.

I have not surrendered my faith, my humanity or my right to pursue justice.

I believe that God knows the truth of my life, including the things human institutions have failed to recognise.

I believe that those who acted with integrity have nothing to fear from an honest examination of the record.

Those who made mistakes can acknowledge them.

Those who accepted false or incomplete information can correct their understanding.

Those who failed in their responsibilities can be held to account through proper processes.

And any person who knowingly acted corruptly should be investigated on the evidence and held accountable through lawful means.

I am not asking the world to accept my every conclusion without examination.

I am asking the world to examine the record.

The time for silence has passed.

The record remains.

The testimony remains.

The responsibility to examine it remains.

And I leave the ultimate judgment to God.

> *“For the Lord is a God of knowledge, and by him actions are weighed.” — 1 Samuel 2:3*
>
> *“The Lord shall judge the ends of the earth.” — 1 Samuel 2:10*
>
> *“Fear God, and keep his commandments: for this is the whole duty of man. For God shall bring every work into judgment, with every secret thing, whether it be good, or whether it be evil.” — Ecclesiastes 12:13–14*

Praise Jesus.
