Definitions

Input tax credits (ITC)

If we add GST to our administrative fee and Cultural Fund deduction, we also allocate an ITC that you may be able to claim in your tax return or activity statement.

Royalty withholding tax

Withholding Tax (WHT) is tax deducted by overseas collecting societies in accordance with their relevant taxation laws. It will be applied if you have opted into 'International' Copyright Agency Licence Scheme.

For all payments other than artists' resale royalties, we deduct royalty withholding tax (RWHT) if you are based overseas, unless you are an Australian resident for tax purposes.

Administration Fee

This fee covers the cost of overseeing thousands of contracts, collecting your payment, investing in new systems, advocating and litigating to protect your rights.

Cultural Fund

Funding for grants to support our writing, publishing and visual arts sectors.

Registered for GST?

If you are registered for GST and receiving payments from Copyright Agency Licence Schemes, this constitutes your Recipient Created Tax Invoice (RCTI). Please note the following:

- **Copyright Agency (as the 'recipient')** can issue tax invoices on your behalf to our licensees for the use of your work ('supplies')
- **You (the 'supplier')** will not issue tax invoices to our licensees for the same use of your work, as agreed under our licence
- **You (the 'supplier')** is registered for GST when you entered the agreement, and will notify Copyright Agency if you cease to be registered
- **Copyright Agency (the 'recipient')** is registered for GST when we entered into the agreement with you, and we will notify you if we cease to be registered for GST
