Dear richarddrawsstuff,

Your email to casemanagement@legalaid.nsw.gov.au attempting to attach to a CCMS Service has failed

This usually occurs for one of the following reasons:
1. NO SERVICE, MATTER OR CLIENT ID IN THE SUBJECT LINE

An email without a service ID/matter or client ID cannot be added to CCMS.
For example an email with the subject 'John Smith Authority' cannot be attached to CCMS

Another service identifier will not be enough, eg an email with 'John Smith H1345' or 'John Smith SY2022/1234' cannot be attached to CCMS.

2. THE ID NOT CORRECTLY FORMATTED EXACTLY AS IT APPEARS IN CCMS

The system matches the ID in the subject line to the IDs in CCMS to make sure data is only sent to the correct service. It does this by strictly reading the format of the ID. For us that is 'two letters-number' eg **CW-123421**.

If you add brackets, leave out the hyphen between the letters and numbers, or add any other characters - eg CW_1234 or CW1234 or CW-1234-- the system will read that as being an incorrect ID and will not be able to forward it to the service.

3. THE SERVICE, MATTER OR CLIENT ID YOU ADDED TO THE SUBJECT LINE DOES NOT EXIST

Your email has been returned to you to try again. Please send it again using the correct service ID in the subject line.

Thank you
CCMS Team

STATEMENT OF SYSTEMIC ENTRAPMENT, PAIN AND DENIAL OF SUPPORT

STATEMENT OF SYSTEMIC ENTRAPMENT, PAIN AND DENIAL OF SUPPORT

I am not suicidal. I want to live. I am documenting conditions that I believe have placed me at serious detriment, disadvantage, poverty and risk.

I identify the following parties as relevant to the circumstances I am documenting:

• Support workers and disability-support providers involved in my care;

• Rachel, CEO, whom I say has refused or failed to return my calls;

• Cass, whom I say has refused or failed to return my calls;

• the Public Guardian, concerning the restriction or denial of access to income and essential funds;

• Legal Aid and associated legal-service decision-makers, concerning restrictions or refusal of assistance;

• NDIS/NDIA and relevant contracted providers, concerning support, accommodation and funding decisions;

• NSW Trustee and Guardian and relevant officers, concerning financial management, allowances and access to funds;

• other government agencies, contractors or organisations whose decisions or omissions have contributed to the conditions documented in my records.

I allege that the cumulative effect of these circumstances has been zero or inadequate income, poverty, homelessness, isolation, dependency, neglect, administrative obstruction and severe physical and psychological pain.

I further allege that conditions of detriment and disadvantage have been created or permitted to continue while people paid to support or care for me have failed to provide the assistance I repeatedly sought, potentially creating institutional or financial interests in maintaining my dependency.

I describe the resulting situation as entrapment through deprivation:

zero income → no stability → no accommodation → increased vulnerability → reduced ability to obtain assistance → greater poverty and isolation.

I am particularly concerned that circumstances capable of producing extreme despair can exist while the parties involved maintain a clean public façade, appearing supportive while the consequences are experienced privately by the person they are responsible for supporting.

These are allegations requiring independent examination, not a declaration that any particular party has committed a proven offence. I ask that the relevant communications, decisions, funding arrangements, records and financial interests be independently examined.

I AM NOT SUICIDAL

The fact that these conditions may be capable of producing suicidal despair does not mean that I am suicidal.

I want to live.

I want the conditions changed.

I want safe accommodation, income, food, healthcare, appropriate disability support, legal assistance, safety and meaningful human contact.

My pain is not consent.

My poverty is not choice.

My dependence is not permission to abuse or neglect me.

My distress is not proof of suicidality.

And my survival is not evidence that these conditions were acceptable.

I am documenting these parties and these conditions because I am still here, I want to survive, and I want the record independently examined.

I've left to be exploited by a random shag.

At least I'll get good air conditioning and sex.

Better than being entrapped exploited here.

Ultimately the agencies know where I am.

They will stop a vigilante killer.

But not close enough to create a meaningful change to my entrapment or severe detriment.

This entrapment has weaponised my sexuality.

It is human trafficking and sex-ploitation.

It is human trafficking.

I am being trafficked under Able Point.

And you're all in on it.

They love to force me to sex.

They know authorise hate gay people.

And they will twist anything into a fabricated lie.

It's what they do.

I've got my meds.

Crystal is safe inside until I return.

She has food water.

I have my medication.

I'm not sick.

They are aware what they're doing to me.

And they are cowards.

PUBLIC STATEMENT FROM BARRAN DODGER
OF THE BARRAN DODGER ARCHIVE

THE WITNESS REMAINS: A WHISTLEBLOWERS TESTIMONY OF SURVIVAL TESTIMONY & FAITH

The Barran Dodger Archive is a public documentary and spiritual record established to preserve, organise and make accessible a decades-long body of evidence concerning alleged institutional, administrative, financial and human-rights harms.

It brings together official records, correspondence, documentary evidence, personal testimony, forensic analysis, research, philosophy, spiritual gospels and prophetic declarations, including writings understood by the author to have been anointed by the Most High God.

The Archive deliberately distinguishes between documented facts, official records, corroborated evidence, allegations, personal testimony, inference, interpretation and matters of faith. This distinction is fundamental to its purpose: readers are invited to examine the underlying evidence for themselves, test the claims, consider the sources and reach their own conclusions.

At the heart of the Archive is a testimony of survival and preservation.

What the author believes was subjected to attempts at silencing, erasure, exclusion or institutional disappearance has nevertheless survived in records, documents, testimony, memory, faith and public disclosure.

The central declaration is simple:

THE WITNESS REMAINS.

The Archive therefore represents both an evidentiary record and a spiritual testimony. The author understands his survival through a faith-based conviction that the Most High God protected, preserved and gave purpose to what human institutions could not erase.

The spiritual writings and prophetic declarations within the Archive are presented as matters of faith and personal interpretation. They are preserved alongside the documentary record so that the complete testimony — evidentiary, personal, philosophical and spiritual — can be understood in its own context.

The purpose is not to demand belief.

It is to preserve the record.

It is to make the evidence accessible.

It is to ensure that the surviving witness can be examined.

And it is to leave the historical record open to independent scrutiny.

THE ARCHIVE IS 100% FREE TO ACCESS

https://barrandodgerarchive.base44.app

KNOWLEDGE IS FREE

The Barran Dodger Archive is founded on the principle that knowledge, evidence and truth should be freely accessible.

There is no paywall for the public documentary record. Research, testimony, philosophy, spiritual writings, prophetic declarations and public-interest material are made available for people to examine for themselves.

Access to knowledge should not depend upon a person’s ability to pay.

The Archive is therefore freely accessible, while its preservation and continued publication require practical resources.

SUPPORTING THE WITNESS AND THE ARCHIVE

Barran Dodger describes himself as an unprotected whistleblower living in circumstances of prolonged exile, financial hardship and vulnerability, and as an internally displaced asylum seeker within the country of his Australian citizenship.

Those circumstances create practical needs extending beyond the preservation of documents.

Voluntary donations are therefore accepted from anyone who freely wishes to assist.

Support may contribute towards essential needs including food, safe accommodation, communication, technology, transport, personal safety, website and domain costs, document preservation, archival infrastructure and the continued publication of the public record.

A donation does not purchase access to the Archive.

It does not purchase influence over the evidence.

It does not purchase editorial control.

It does not determine what is published or what conclusions readers should reach.

It simply helps sustain the person and infrastructure necessary to keep the Archive alive, functioning and freely accessible.

If you are blessed with sufficient prosperity to help preserve this work, your voluntary support can help ensure that financial hardship does not become another mechanism through which a public record disappears.

LASTLY — A SECOND PUBLIC-FACING ARCHIVE

For readers who wish to go beyond the principal Barran Dodger Archive, a second public-facing repository provides another point of access to the broader documentary record.

https://barrandodger.com

This website provides an additional gateway into the history, evidence, testimony, research and ideas that underpin the Archive. It is intended to help readers navigate the wider body of material and understand how individual documents, events, experiences and arguments have been brought together into a continuing record.

Its significance is not dependent upon the reader accepting Barran Dodger's conclusions. Rather, the value of preserving such a record lies in allowing the underlying material to remain available for examination. Readers can consider the chronology, inspect the documentary evidence, distinguish recorded facts from allegations and personal testimony, follow referenced material and form their own independent assessment.

The existence of multiple public repositories also reflects the central purpose of the project: preservation. Where records are distributed across years, institutions, correspondence, proceedings, personal archives and digital platforms, preserving accessible copies and pathways to the evidence can help prevent an individual historical record from becoming inaccessible or forgotten.

Readers are therefore invited to visit both public-facing archives, examine the material carefully and critically, and make their own assessment of what the surviving evidence demonstrates.

The purpose is not to ask the reader to believe.

The purpose is to ensure that the record remains available to be examined.
