Named parties alleged to have caused detriment

Comprehensive itemised list drawn from the archive: agencies, officials, courts, family, professions, places and organisations that appear in the public record in connection with alleged detriment to Dr Richard William McLean / Barran Dodger.

Finding aid — not a court finding. A name on this list means the party appears in archive documents, correspondence, maps or testimony. It does *not* by itself prove that the party committed a crime, caused every harm alleged, or that every allegation is true. Distinguish documented record, allegation, and inference. Not a verdict.
