TARGETED JUSTICE
Bringing Justice to Targeted Individuals

A Targeted Individual (TI) is a victim of government weaponization, nominated by Deep State operatives at the FBI to unwillingly participate in an experimental CIA torture program through their placement in two secret categories of the Terrorist Screening Database (TSDB). The TSDB includes conservatives and patriots classified by the FBI as “domestic terrorists” even though they do not represent a threat to national security and are not screened as such when traveling.

Seventy-five percent of those targeted by the FBI do not know it because the tactics used on them are “plausibly deniable.”

On the CIA end of it, victims are tortured with electromagnetic weapons and mind control tactics. Our numbers reflect that at least 62% suffer from the microwave auditory effect, also known as Voice-to-Skull or V2K. These victims are negligently diagnosed as psychotic or schizophrenic, and consequently are illegally hospitalized and deprived of their freedom.

This program was developed under the [CIA's MK-Ultra project](#), merged with the FBI's COINTELPRO tactics. It is designed to break down and “neutralize the person,” using psychological, physical, and emotional stress.

On the FBI/DHS-coordinated side of the program, victims are: denied justice in courts of law; denied benefits from government agencies;

overbilled for taxes and utilities; subject to traffic interventions due to Silent Hits triggered by the Threat Screening Center; persecuted by the IRS; and victimized by break-ins, illegal surveillance, harassment, and stalking. Private companies collude by delivering wrong or damaged purchases, poisoning food, and reporting any service to your property through an FBI portal created for that purpose.

The ultimate goal of this program is to control the entire population through intimidation, fear, and threats. Whistleblowers, conservative political activists such as J6ers, and anti-vaxxers are some of the main targets of the program. However, some people are randomly chosen. Family and spousal relationships are usually destroyed as part of this psychological torture.

HOW DID THEY PICK YOU?

The FBI's Threat Screening Center is vested with the responsibility of maintaining a "Terrorist Screening Database," recently renamed Threat Screening Database (TSDB). That list is derived from Homeland Security Presidential Directive 6 signed in 2003, which directed the FBI to consolidate terrorist lists spread among fourteen agencies.

Former TSC deputy director Timothy Groh admitted in a statement under penalty of perjury that people that do not meet the reasonable suspicion terrorist criteria are placed on the list on two categories that are not used to screen at airports because the people on them "do not represent a threat to national security."

Another TSC deputy director, Samuel Robinson, more recently stated

that people are placed on that list pursuant to “secret criteria.”

GOP Oversight

After former Senator Trey Gowdy grilled Kelli Ann Buriesci, a DHS operative who knows that innocent Americans are being placed on the TSDB, turned into targeted individuals, and being deprived of their basic constitutional rights, he was offered in 2016 a coveted position in the private industry.

“And my favorite: how about we subject you to cruel and unusual punishment until you petition the government to get you off the list.”

COMMON DENOMINATORS AMONG TARGETED INDIVIDUALS:

ARE YOU A TARGETED INDIVIDUAL?

Check out this [POST](#) by attorney Ana Toledo that lists hundreds of signs that you are targeted. If more than five of them happen to you in a single month, it is very likely that you are a targeted individual. You can read the post in [SPANISH HERE](#).

REASONS

There are many reasons for becoming a targeted individual. The most salient ones are: whistleblowers, conservatives, patriots, anyone with an anti-Covid narrative, J6ers, Christians, and anyone fighting the Deep State and their agendas.

HACKING AND SURVEILLANCE

Ever heard of the 278,000 FISA warrants that the FBI obtained in a single year? Their purpose is to spy on law-abiding Americans or targeted individuals by this program. If you encounter problems logging in to your social media, email accounts, or get messages and emails deleted, your electronics misbehave, or organized stalking, you may be a target.

UNEMPLOYMENT

Sixty-seven percent of targeted individuals are unemployed. One of the goals of the program is to destroy the individual financially and professionally.

HOMELESSNESS

Fourteen percent of targeted individuals report to be homeless. The national average is .05%

HATE CRIME

Around seventy percent of targeted individuals are women, mostly middle-aged and older.

PHYSICAL SIGNS

Slight burns on the skin, small nicks and cuts on the skin noticed when examined under the sun, physical pain/aches for the first 45 minutes after waking up, pain in the gums, artificial tinnitus, and sudden loss of eyesight are but a few of the symptoms that targeted individuals complain as a result of being subjected to electromagnetic weapons. Often the most intensive attacks happen while you are sleeping, so you may not know it is happening to you. Scan your body with a [megaphone](#) for nonconsensual medical devices.

It all begins at the FBI...

A targeting officer nominates you

The Office of Inspector General of the Department of Justice found that FBI field offices were improperly nominating non-investigative subjects to the Terrorist Screening Database. Former Threat Screening Center Deputy Director Timothy Groh admitted under penalty of perjury that people placed on the list without reasonable suspicion terrorist criteria “do not represent a threat to national security, and are not screened as such.”

Samuel Robinson, another TSC deputy director stated under penalty of perjury that people are placed on the two secret categories of the TSDB under “secret criteria.” See free ebook below on the “Standard Nomination Form.” The Office of Inspector General concluded that the FBI Field Offices illegally nominate targeted individualsto the TSDB. Read that report [HERE](#).

How did I get on a military database?

The TSDB was replicated in the M.A.R.S .Database, a military database of targeted individuals that makes it possible for the traitors at the US Space Force to fire electromagnetic weapons at GPS coordinates of non-investigative subject within the United States or around the world.

The TSDB was created as a roster for the Program

An audit report of the Threat Screening Center concluded that 97% of the identities in the TSDB belong to non-investigative subjects in the two secret categories reserved for people that don't represent a threat to national security yet are subjected to illegal FISA warrants. Furthermore, FBI officials have admitted under penalty of perjury that **the list has never stopped an act of terrorism.**

THE TARGETING PROGRAM:

AN UNACKNOWLEDGED SPECIAL ACCESS PROGRAM

The FBI and DHS Fusion Centers run the global gangstalking program, which is designed to harass, intimidate, and break down the target. The FBI outsources much of the local harassment to community groups, such as InfraGard, Citizen Corps, and Neighborhood Watch. Targeted Individuals are placed on the Terrorist Screening Database and tracked as "Non-Investigative Subjects (NIS)," so that local police and ambulances can be instructed not to assist with their emergency calls, through FirstNet.com, which is run by AT&T.

InfraGard is a TERRORIST ORGANIZATION that is controlled by the FBI. They break into people's homes, they threaten, steal, perform illegal surveillance, assault and battery, continuous harassment, and even attempted murder.

Targeted individuals call it gangstalking. The Brennan Center for Justice has documented Fusion Center abuses. Read the report [HERE](#).

FBI Official admits that they need to "Keep Fear Alive" - to justify their terror budget each year. [VIEW HERE](#)

TARGETING OFFICERS

At the FBI, “Targeting Officers” or “Targeting Coordinators” identify and nominate targeted individuals to the “suspected terrorist” list—people whose only crime is being a whistleblower or political activist. According to the Office of the Inspector General, 97% of these people have no known ties to terrorism—yet they are placed on this secret list and subjected to FISA warrants that have already been declared unconstitutional by the US District Court for the Eastern District of New York. FBI managers are paid bonuses up to \$50,000 each year to add people to the list. Recently, the FBI started claiming that Catholics are domestic terrorists and so are parents that object to child pornography in their schools.

After the FBI agents illegally place you on a terrorist list, government criminals at the Central Intelligence Agency and the United States Space Force subject you to a life of torture with weapons of mass destruction such as directed energy weapons. Then the Department of Homeland Security and the FBI through the Fusion Centers direct the organized harassment and stalking that follows you everywhere, as well as the never-ending the electronic hacking, organized stalking, and surveillance.

ELECTROMAGNETIC WEAPONS

The CIA and Space Force operate the Microwave Weapons program through the underground complex at Schriever Space Force Base, near Colorado Springs. The Vircator microwave satellite weapon and digital beamforming from cell phone towers are used.

The microwave beams generally aim at the head of the targeted individual and cause long-term brain non-kinetic brain injury known as Havana Syndrome. See the brain traumas of the American diplomats in Cuba, which were also caused by microwave weapons, according to Dr. Douglas Smith, MD, at the University of Pennsylvania, and Dr. Beatrice Golomb, MD, PhD, at the University of California, San Diego. State Department signals expert Mark Lenzi has also confirmed that the diplomats were definitely attacked with microwave weapons. Dr. David Relman led an investigation at the National Academies of Science, and he determined that Havana Syndrome is likely caused by pulsed, electromagnetic energy fired by directed energy weapons.

VOICE-TO-SKULL

Voice-to-Skull (V2K) signals can be embedded in the microwave frequency (450–700 MHz), which allows the government criminals to send constant, hate-filled messages at the targeted individual. It is called the “Frey effect,” or microwave auditory effect, after Dr. Allan Frey. There are numerous US patents on these technologies. It is likely that most of the mass shooting events are orchestrated by the CIA and FBI, using the techniques developed under the CIA’s MK-Ultra program. David Steele, former CIA officer, has confirmed this. You can read more about [V2K in our tab](#). See also Ana Toledo's [introductory article on V2K HERE](#).

SUBLIMINAL MESSAGING

The subliminal messaging program is run by the CIA’s domestic headquarters in Denver—they are targeting senators, congressmen, judges, foreign leaders, and even the president. These subliminal messages can be used to alter a targeted individual's behavior and decisions.

THE MEDICAL COMMUNITY CONFIRMS THE PROGRAM

Many respected government scientists, former FBI and CIA agents, and medical doctors have confirmed that the targeted individual program is real. Some of the doctors and scientists include:

John Hall, MD

Daniel Lebowitz, MD

Len Ber, MD

Sally Priester, MD

Ana M. Mihalcea, MD
Edward Spencer, MD
Beatrice Golomb, MD
Joanna Lipka, MD

Sworn affidavits from FBI agents Ted Gunderson and Gerald Sosbee are part of this evidence. Dr. Daniel Lebowitz has provided testimony before a Senate Committee in 2014.

These attacks are also considered Crimes Against Humanity (“systematic attack against a civilian population”) and War Crimes (Article 32 of the Geneva Convention). It is estimated there are about 300,000 targeted individuals in the US, and more than 6 million worldwide. It costs an estimated \$1M+ per person per year in tax dollars to operate the program.

The Council on Foreign Relations (CFR) works with the CIA under the black budget, and this experimental program is administered worldwide without presidential or congressional oversight. The Pentagon and Intelligence Community are involved wherever the program is called an “Unacknowledged Special Access Program” (USAP).

All USAPs are illegal. The wealthy Rockefeller family and the Council on Foreign Relations (CFR) provide some of the direction and control for this massive criminal enterprise.

Hello Government agents.

We know you are being sent here...

Can you please ask your boss what is more important? Your sworn oath to the U.S. Constitution, or his orders?

You might not like the answer...

No, we are not terrorists - we are targeted individuals exerting our First Amendment freedom of speech. Remember that oath you swore? You did not swear an oath to your boss or the CIA. You swore an oath to the Constitution - Do you know the difference?

Targeted Justice only advocates for non-violent solutions.
