Dear Rebecca,

I have been the victim of a conspiracy.

Last week, I sent you the email below-on 28th of August.

You know the distress I have been under and you know I am a suicide survivor, and have suffered terribly at the hands of institutions drs people and others.

What in the actual fuck did you ignore that last email(s) for?

In it I told you i would kill myself-and I overdosed.

.

I cant believe I am worth so little, in fact - you all collectively want me dead.

What does that even mean to you as a Human Rights Organisation?

There was not a follow up, an apology, an offer for help.

I am a SUICIDE SURVIVOR who has now overdosed twice-once on your watch after being rejected AGAIN after fighting for justice for 2 1/2 years.

i cant believe that you have no value for human life.

this is an unethical way to run a HUMAN RIGHTS service.

Are you even going to dignify my reply?

Call the police perhaps?

Or gaslight me?

This is the original issue: medical malpractice and professional negligence which led to my first overdose.

Here attached is the suicide note you all know about.

Dear Richard

I refer to your further email.

The Commission can consider claims of discrimination, but the alleged unfair treatment has to be based on a protected ground. These include race, sex, gender identity, sexual orientation, intersex status, pregnancy, marital or relationship status, age or disability.

You make reference to disability. I certainly appreciate the impact that this has had on you. However, there does not appear to be sufficient information to support an arguable claim that you were treated in the manner claimed **because of** your disability.

We can consider claims about victimisation, but this is where a person is subjected to a detriment because they lodged or sought to lodge a complaint of discrimination or breaches of human rights.

We are really not the most appropriate review body for AHPRA. That is the NHPOPC, which I note you have already contacted. It is our understanding the AHPRA is a state/territory body.

We are also the most appropriate review body for VIC Police. That is the VIC Ombudsman (www.ombudsman.vic.gov.au) or the Independent Broad-based Anti-Corruption Commission (www.ibac.vic.gov.au).

I also need to make it clear, this Commission does not 'advocate' for people. We are an independent complaint handling body.

I appreciate the level of concerns you have raised. Unfortunately, it really does not appear that this Commission can provide you the assistance you are seeking.

Should you have any further queries or wish to provide clarification, please advise by return email.
