Dear Mr Dodger

RE: Your appointment

I am writing in relation to our appointment today. I had to terminate the call because you indicated you were continuing to record it after I said I did not consent to it being recorded.

During the call, a support worker at your supported independent living accommodation said that you were not being evicted from the premises.

If that is not correct and you are facing eviction, you can contact us at this email address and I can arrange further advice with me, or if you prefer, with someone else.

Yours sincerely

Lindsay Ash
Solicitor
