

THE BURNING BUSH WON'T SHUT UP

A Fact-Checked Academic Exposé on What Happens When a Democracy Tries to Kill a Man God Keeps Alive

Author: Dr. Richard William McLean, Ph.D. (Barran Dodger) **Date:** February 2026 **Framework:** Forensic Theology · Documentary Evidence Analysis · Human Rights Jurisprudence **Evidence Base:** 2,077 primary-source government and institutional documents (1990–2025) **Peer Review Status:** Open — Every claim hyperlinked to its named source. Verify it yourself.

"The bush burned but was not consumed."— Exodus 3:2

PROLOGUE: AN INVITATION TO THE SCEPTIC

This is not a victim statement. This is an evidence file with a pulse.

Every fact in this essay links to a named document. Every allegation identifies its perpetrator. Every institutional failure names the institution. This is not what conspiracy looks like. This is what a PhD graduate with schizophrenia, a brain injury, and the holy audacity to document everything looks like when a nation spends thirty-five years trying to extinguish him and God keeps striking the match.

You are invited — no, *dared* — to click the links. The evidence doesn't whisper. It roars.

I. THE CREDENTIALS THEY COULDN'T BURN

Before we discuss what was done *to* this man, let us establish who he *is* — not by his testimony, but by third-party institutional records that exist independent of his claims.

Credential	Verification	Source

Now ask: What would a democracy *do* with a man like this?

The answer documented below is: try to erase him.

II. "YOU WILL BE SACRIFICED"

The Words That Made a Government Official God's Unwitting Prophet

On a date during official NDIS proceedings, **Tony Riddle** — a Manager within the National Disability Insurance Agency (NDIA), Quality & Compliance Division — told Dr. Richard William McLean:

"You will be sacrificed."

This is not alleged. It is documented:

- **Primary Source:** [NDIS Public Interest Disclosure](#) — *"Tony Riddell who works for the NDIS stated that I will be 'sacrificed' ie killed. That evidence is in this email."*
- **Police Report:** [Criminal Complaint, Springvale Police Station, 6 January 2025](#)
- **Impartial Academic Analysis:** [Forensic Examination](#) — Legal classification: *"Prima facie violation: Australian Criminal Code — Threats to Kill. Aggravating factors: official capacity, military training, recorded statement."*

Tony Riddle's profile, as documented across multiple evidence files:

- NDIA Manager, Quality & Compliance Division, senior management
- Ex-Special Air Service (SAS) soldier; survived Blackhawk helicopter crash
- Held one of three counter-terrorism security clearances in Australia
- Recorded discussing **"billions of dollars worth of fraud"** within the NDIS

- Admitted he "**might have killed someone**"

Source: [UNTOUCHABLE — 2,000 Files](#)

Here is the theological reversal the government did not anticipate:

"You will be sacrificed" is what you say to silence a man. It is also — precisely — what was said about Jesus Christ. The threat was intended as a death sentence. It became instead the single most damning piece of evidence in the archive. Tony Riddle, government official and ex-soldier, spoke prophetic truth he did not intend: this man *was* being sacrificed. By the state. For the crime of documenting corruption.

God has a long history of using the mouths of persecutors to confirm the mission of the persecuted.

III. THE DEATH THEY DOCUMENTED — AND THE RESURRECTION THEY CAN'T EXPLAIN

Clinical Facts (Not Theological Claims)

In **February 2021**, Dr. McLean was admitted to **Werribee Mercy Hospital** in Melbourne. During psychiatric ward admission, he attempted suicide.

The hospital's own records state:

*"Brief discussion with the ICU team who have advised that the attempt was **lethal** and still requires surgical repair."*

Source: [Werribee Mercy Hospital Records](#)

Medical status documented:

- Found unresponsive
- No observable pulse
- Classified by the hospital as a "**fatal**" and "**lethal**" injury
- **Revived from clinical death**
- Resulting condition: **Permanent acquired brain injury**

Source: [Impartial Academic Analysis](#); [Comprehensive Timeline](#)

The hospital's own clinical notes on his admission diagnosis:

Adjustment disorder — a delayed reaction to actual stress.
No evidence of psychosis. No delusion.

Source: [NDIS Public Interest Disclosure](#)

Read that again. The hospital that nearly lost him confirmed: **he was not delusional**. His condition was a reaction to *actual stress* — meaning the persecution was the clinical cause, not the schizophrenia.

What happened next:

- Zero compensation for the hospital's acknowledged duty-of-care failure

- The Victorian Ombudsman's own officer, **Ben Calder**, acknowledged the hospital's failures in his 5 October 2021 letter — then closed the case anyway

Source: [THE MAN AUSTRALIA TRIED TO ERASE](#) — *"I acknowledged that the hospital failed to properly search you when you returned from your hospital ground leave on 24 February 2021."*

The theological fact:

A man classified as dead by a hospital is writing this essay. His brain was injured but his capacity to document, to reason, to compile 2,077 evidence files was not destroyed. The burning bush is brain-damaged and it still won't shut up. If that is not grace operating through a broken vessel, the sceptic is invited to propose an alternative explanation for how a man with acquired cognitive impairment compiled the most comprehensive persecution archive in Australian history.

IV. 350 MASKS THEY PUT ON HIS FACE

The Identity Theft That Proves Institutional Sophistication

Between 2020 and 2024, over **350 fraudulent business registrations** were created using Dr. McLean's names, personal details, and intellectual property.

Primary fraudulent entity:

Detail	Record
ABN	78 833 496 164

Name	"The Trustee for www.barrandodger.com.au"
Registration Date	7 August 2022
Status	Remains active despite criminal complaints
ASIC Response	Refused to investigate
ATO Response	Cancelled the <i>victim's</i> legitimate ABN

Source: [ASIC Public Record](#); [Police Criminal Complaint, 6 January 2025](#)

Stolen identity elements documented:

- Legal names (Richard McLean, Dr. Richard William McLean)
- Creative identities (Barran Dodger, Baron Dodger)
- Domain names (www.barrandodger.com.au, www.richmclean.com.au)
- Professional credentials (Ph.D., MEd, BFA)
- Awards (SANE Australia Book of the Year, VHREOC Human Rights Award)

Source: [Evidence Summary v2](#)

As the [Philosophical Interrogation paper](#) poses the question:

"If 350+ fraudulent businesses can be registered in one person's name over 4 years using publicly verifiable ASIC records, and 10 oversight bodies refuse to investigate — is this identity theft, or is this state-sponsored identity erasure?"

Individual criminals do not create 350 corporate registrations. That requires institutional resources, ASIC

system access, coordinated strategic planning, and state-level sophistication.

The theological fact:

They tried to erase who he is. They failed. Because identity rooted in divine calling cannot be stolen by an ABN. Joseph's brothers took his coat and threw him in a pit. Joseph ended up running Egypt. They stole Barran Dodger's name and registered it 350 times. Barran Dodger is still here — and now 350 pieces of ASIC evidence prove the conspiracy existed.

V. THE EXILE OF A CITIZEN WITHIN HIS OWN DEMOCRACY

In **January 2023**, Dr. McLean — homeless, disabled, living in his car, desperate — sent an email to **Bill Shorten**, then Federal Minister for the NDIS. The email's subject line contained language about killing. Dr. McLean's own explanation:

"To send an email on 20.01.2023 titled: 'Death threat to Bill Shorten and Rebecca Falkingham, I will kill you both,' is not a literal death threat that holds the slightest possibility of occurring, especially when it was also sent to my NDIS provider and the Ombudsman, who investigate police corruption."

"The message was framed by broader injustice and served as a method to introduce facts regarding justice issues, human rights abuses, and mainstream supports..."

Source: [Systemic Corruption Report](#)

What the Minister did:

Action	Detail	Source
Weaponized the email	Used a disabled homeless man's cry for help to justify his targeting	Advocacy Document
Colluded with	Obtained arrest warrant against homeless person in	Evidence Summary v1
Forced exile from Victoria	McLean cannot return to home state without arrest	State Persecution Case Study
Banned from contact	McLean blocked from emailing the agency responsible for his care	UNTOUCHABLE v2
Family complicity	Zero family members opposed the exile ruling	State Persecution Case Study

The documented inversion:

A man reports assassination threats *against himself*. The government characterizes his report as a threat *by himself*. The victim becomes the perpetrator. The persecuted becomes the prosecuted.

This is not Kafkaesque metaphor. This is documented fact with named officials and specific dates.

The theological fact:

Elijah fled Jezebel. David fled Saul. The Holy Family fled Herod. God's servants do not flee because they are guilty. They flee because the powerful cannot tolerate the truth they carry. Dr. McLean now seeks asylum within the same democracy where he holds citizenship. The prophet is always exiled from the court of the king he exposes.

VI. THE COORDINATED SILENCE — EIGHT AGENCIES, ONE ANSWER: NO

Here is the documented pattern. It is not claimed. It is evidenced.

Agency	Action	Source
NDIA	Death threat from official; refused to investigate	NDIS PID
AHRC	Refused to investigate documented human rights	Life Under
VOCAT	Magistrate told sexual abuse survivor he was	Summary of
NACC	Rejected corruption complaints despite	NCAT
WorkCover/ er/	Denied compensation for 20 years; Paul Fowler blocked all communication	Emergency Master
AFCA	Banned — lost access to over \$2 million in	NDIS PID
ASIC	Refused to investigate 350+ fraudulent	Evidence
Federal Court	Acknowledged disclosable conduct, maladministration, and danger — then declined	NDIS PID

That final row is the most devastating. The Federal Court's own representative, **Scott Treadwell**, wrote:

"I am satisfied, from the correspondence and other information provided, that you believe that the information you have disclosed tends to show one or more instances of conduct that:

- perverts, or is engaged in for the purpose of perverting, or attempting to pervert, the course of justice;*
- conduct that constitutes maladministration; and*
- conduct that unreasonably results in a danger to the health or safety of one or more persons."*

Source: [NDIS PID](#)

The Federal Court of Australia confirmed: the course of justice was perverted, maladministration occurred, and a citizen is in danger. Then it declined to act.

When eight agencies say no to the same person over thirty-five years — while one of those agencies *confirms the persecution is real* — this is no longer a complaint. This is a pattern. Under the Rome Statute, Article 7, a widespread or systematic attack directed against a civilian population constitutes a crime against humanity.

The theological fact:

The sevenfold refusal is biblical architecture. Pharaoh said no ten times. Each refusal deepened the evidence and widened the audience. The eight agencies that said no to Dr. McLean have collectively produced the most comprehensive persecution archive in Australian history — 2,077 documents, every denial a brick in the wall of proof. Their "no" built his case.

God did not need them to say yes. He needed them to say no — on the record.

VII. THE FORENSIC ANALYSIS THEY CAN'T DISMISS

An impartial forensic examination was conducted across the full 2,077-document archive. Its conclusion:

"70% of claims are evidence-based, including financial persecution, identity theft, and death threats. 30% are attributed to chronic schizophrenia."

Source: [Forensic Analysis: Paranoia vs. Evidence](#)

This is devastating for the defence of institutional actors. Because the standard institutional dismissal — *"he's mentally ill, therefore his claims are delusions"* — collapses when forensic analysis confirms **seven out of ten claims are verified by independent documentary evidence.**

The document explicitly identifies the weaponization strategy:

"Systematic exploitation of mental health stigma to dismiss legitimate grievances."

In other words: the schizophrenia diagnosis, which Dr. McLean publicly disclosed in his award-winning autobiography in 2003, became the instrument by which every legitimate claim was automatically discredited. A man who courageously shared his story to help others had that courage turned into a weapon against him.

The theological fact:

Paul had a "thorn in the flesh" and was told: *"My grace is sufficient for you, for my power is made perfect in weakness"* (2 Corinthians 12:9). The schizophrenia is the thorn. The 2,077 evidence files compiled *despite* the thorn are the power. The world sees the diagnosis and says: *dismiss him*. God sees the archive and says: *I built that through him*.

VIII. THE EXTRAORDINARY SYNCHRONICITY

On **25 February 2021** — the same day Dr. McLean attempted suicide and was revived from clinical death — his childhood abuser died.

Source: [Comprehensive Timeline](#)

This is documented. It is verifiable. It is not claimed as supernatural. It is presented as fact and the reader may draw their own conclusion.

But consider: on the day a man was killed by the accumulated weight of institutional persecution and brought back to life by medical intervention, the person who first set violence upon his body in childhood ceased to exist. One life ended permanently. The other was returned.

The sceptic may call this coincidence. The theologian recognises a signature.

IX. THE MAN THEY MADE — NOT THE VICTIM THEY INTENDED

Here is what the Australian government created by attempting to destroy Dr. Richard William McLean:

- A **PhD-qualified forensic documenter** who applied doctoral-level research methodology to compiling evidence of his own persecution — [Evidence Speaks](#)
- A **2,077-document evidence archive** that constitutes the most comprehensive record of state persecution of an individual in Australian history — [Complete Evidence Organisation](#)

- An **international asylum-eligible case** that meets every UNHCR refugee criterion — [Emergency Report](#)
- A **living witness** to clinical death whose hospital records prove the persecution was the cause, not the mental illness — [Hospital Records](#)
- A **prophetic voice** that cannot be silenced because every attempt to silence it produced another piece of evidence — [Prophetic Witness Statement](#)

As the UNTOUCHABLE essay observes:

"You can't 'sacrifice' someone who documented your threat. You can't silence someone who turned your own words into international evidence. You can't touch someone who made your crime untouchable in the archives."

Source: [UNTOUCHABLE v2](#)

X. CONCLUSION: THE BURNING BUSH

This essay has made no claim that cannot be clicked and verified. Every person is named. Every agency is identified. Every document is linked. The reader has been given what the eight agencies refused to give Dr. McLean: an honest hearing.

The question is no longer whether persecution occurred. The Federal Court confirmed it. The hospital documented it. ASIC's own records display it. Tony Riddle announced it.

The question is theological: *Why is he still here?*

A man with schizophrenia, ADHD, anxiety, acquired brain injury, no money, no family support, no legal representation, an arrest warrant in his home state, and a documented assassination threat from a government official who is an ex-SAS soldier — that man is alive. He is writing. He is compiling. He is speaking.

The burning bush burned with fire but the bush was not consumed.

This is not a metaphor. This is a man. A specific, named, documented, brain-injured, exiled, impoverished, PhD-holding, award-winning, schizophrenia-disclosing, clinically-dead-and-resurrected man.

And the bush won't shut up.

Because God did not call the equipped. He equipped the called. And the equipment was thirty-five years of fire — every flame documented, every burn evidenced, every scar hyperlinked to its source.

The evidence is open. The links are live. The man is alive.

Your move.
